

ASKS AUTHORITY TO ENTER WAR TO HILT

President Calls for Armed Force of Half Million Men and Declaration That State of War Exists--Would Employ All Resources of Nation.

By Telegraph to The Freeman.

Washington, April 3.—Amid scenes without parallel in our history, President Wilson read his message before both houses of Congress last night asking the sanction of the legislative branch of the government to enter the war against Germany to full extent of America's power on land and sea. Declaring that armed neutrality had failed and was certain to draw us into war without even the rights of a belligerent and that it was not for this country to choose the path of submission, the President asked Congress to recognize that the acts of the German Government had been nothing less than war against the United States and to bring into play all the resources of the nation to bring Germany to terms and restore peace to the world. The message, the delivery of which commenced at 8:37 o'clock last night, is as follows:

Men of the Congress: I have called the Congress into extraordinary session because there are serious, very serious, choices of policy to be made and made immediately, which are neither right nor constitutionally permissible that I should assume the responsibility of making.

On the third of February last I officially laid before you the extraordinary announcement of the Imperial German Government that on and after the first day of February it was its purpose to put aside all restraints of law or of humanity and use its submarines to sink every vessel that sought to approach either the eastern or western coasts of Europe or any of the ports controlled by the enemies of Germany within the Mediterranean. That has seemed to be the object of the German submarine warfare earlier in the war, but since April of last year the Imperial Government had somewhat restrained the commanders of its undersea craft, in conformity with its promise, then given to us, that passenger boats should not be sunk and that due warning would be given to all other vessels which its submarines might seek to destroy, when no resistance was offered or escape attempted, and care taken that their crews were given at least a fair chance to save their lives in their open boats. The precautions taken were meagre and haphazard enough, as was proved in distressing instances after instance in the progress of the cruel and unmanly business, but a certain degree of restraint was observed.

Lack of Compassion. The new policy has swept every restriction aside. Vessels of every kind, whatever their flag, their character, their cargo, their destination, their errand, have been ruthlessly sent to the bottom without warning and without thought of help or mercy for those on board, the vessels of friendly neutrals among with those of belligerents. Even hospital ships and ships carrying relief to the sorely harassed and stricken people of Belgium, though the latter were provided with safe conduct through the proscribed areas by the German Government itself and were distinguished by unmistakable marks of identity, have been sunk with the same reckless lack of compassion or of principle.

I was for a little while unable to believe that such things would in fact be done by any government that had hitherto subscribed to humane practices of civilized nations. In practice of civilized nations, international law had its origin in the attempt to set up some law which would be respected and observed upon the seas, where no nation has right of dominion and where lay the free highways of the world. By painful stage after stage has that law been built up, with meagre enough results, indeed, after all was accomplished that could be accomplished, but always with a clear view, at least of what the heart and conscience of mankind demanded.

This minimum of right the German Government has swept aside under the plea of retaliation and necessity and because it had no weapons which it could use at sea except these, which it is impossible to employ, as it is employing them, without throwing to the wind all scruples of humanity or of respect for the understandings that were supposed to underlie the intercourse of the world.

Lives Wantonly Destroyed. I am not now thinking of the loss of property involved, immense and serious as that is, but only of the wanton and wholesale destruction of the lives of non-combatants, men, women and children, engaged in pursuits which have always, even in the darkest periods of modern history, been deemed innocent and legitimate. Property can be paid for; the lives of peaceful and innocent people cannot be. The present German submarine warfare against commerce is a warfare against mankind.

It is a war against all nations. American ships have been sunk, American lives taken, in ways which

it has stirred us very deeply to learn of, but the ships and people of other neutral and friendly nations have been sunk and overwhelmed in the waters in the same way. There has been no discrimination.

The challenge is to all mankind. Each nation must decide for itself how it will meet it. The choice we make for ourselves must be made with a moderation of counsel and a temperateness of judgment befitting our character and our motives as a nation. We must put excited feeling away. Our motive will not be revenge or the victorious assertion of the physical might of the nation, but only the vindication of right, of human right, of which we are only a single champion.

When I addressed the Congress on the 26th of February last I thought that it would suffice to assert our neutral rights with arms, our right to use the seas against unlawful interference, our right to keep our people safe against unlawful violence. But armed neutrality, it now appears, is impracticable. Because submarines are in effect outlaws, when used as the German submarines have been used against merchant shipping, it is impossible to defend ships against their attacks as the law of nations has assumed that merchantmen would defend themselves against privateers or cruisers, visible craft giving chase upon the open sea. It is common sense, in such circumstances, that necessity indeed, to endeavor to destroy them before they have shown their own intention. They must be dealt with upon sight, if dealt with at all.

Cannot Choose One Path.

The German government denies the right of neutrals to use arms at all within the areas of the sea which it has proscribed, even in the defense of its own coast. It has even denied that it is a modern publicist has ever before questioned their right to defend. The intimation is conveyed that the armed guards which we have placed on our merchant ships will be treated as beyond the pale of law and subject to be dealt with as pirates would be. Armed neutrality is ineffectual enough at best; in such circumstances and in the face of such pretensions it is worse than ineffectual; it is likely only to produce what it was meant to prevent; it is practically certain to draw us into the war without either the rights or the effectiveness of belligerents. There is one choice we cannot make, we are incapable of making; we will not choose the path of submission and suffer the most sacred rights of our nation and our people to be ignored or violated. The wrongs against which we now array ourselves are no common wrongs; they cut to the very roots of human life.

With a profound sense of the solemn and even tragical character of the step I am taking and of the grave responsibilities which it involves, and in unhesitating obedience to what I deem my constitutional duty, I advise that the Congress declare the recent course of the Imperial German Government to be in fact nothing less than war against the government and people of the United States; that it formally accept the status of belligerent which has thus been thrust upon it; and that it take immediate steps not only to put the country in a more thorough state of defense, but also to exert all its power and employ all its resources to bring the government of the German Empire to terms and end the war.

What this will involve is clear. It will involve the utmost practicable co-operation in arms and action with the governments now at war with Germany, and, as incident to that, the extension to those governments of the most liberal financial credits, in order that our resources may so far as possible be added to theirs.

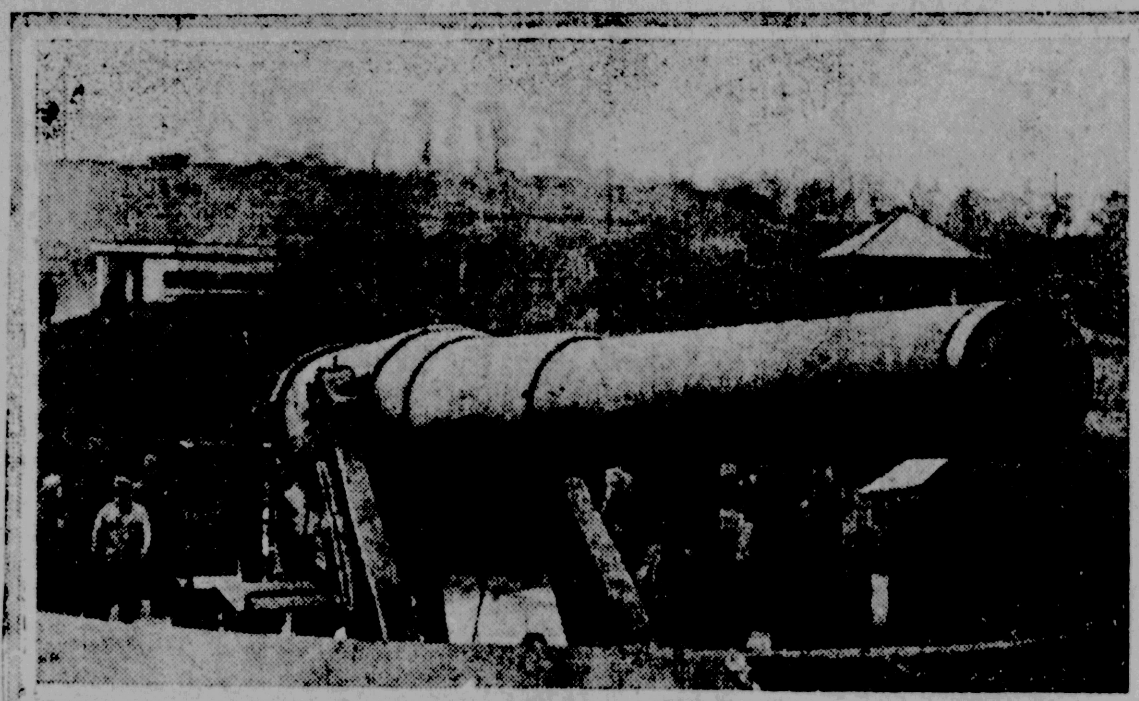

It will involve the organization and mobilization of all the material resources of the country to supply the materials of war and serve the incidental needs of the nation in the most abundant and yet the most economical and efficient way possible.

It will involve the immediate full equipment of the navy in all respects, but particularly in supplying it with the best means of dealing with the enemy's submarines.

A Half Million Men. It will involve the immediate addition to the armed forces of the United States already provided for by law in case of war, of at least 500,000 men, who, should, in my opinion, be chosen upon the principle of universal liability to service, and also the authorization of subsequent additional increments of equal force so soon as they may be needed and can be handled in training.

It will involve also, of course, the granting of adequate credits to the government, sustained, I hope, so far as they can equitably be sustained by the present generation, by well conceived taxation. I say sustained so far as may be equitable by taxation; because it seems to me that it would be most unwise to base the credits, which will now be necessary, entirely on money borrowed. It is our duty. I most respectfully urge, to protect our people, so far as we may, against the very serious hardships and evils which would be likely to arise out of the inflation which would be produced by vast loans.

In carrying out the measures by

which these things are to be accomplished we should keep constantly in mind the wisdom of interfering as little as possible in our own preparation and in the equipment of our own military forces with the duty—of supplying the nations already at war with Germany with the materials which they can obtain only from us or by our assistance. They are in the field and we should help them in every way to be effective there.

I shall take the liberty of suggesting, through the several executive departments of the government, for the consideration of your committees, measures for the accomplishment of the several objects I have mentioned. I hope that it will be your pleasure to deal with them as having been framed after very careful thought by the branch of the government upon whom the responsibility of conducting the war and safeguarding the nation will most directly fall.

Make Our Objects Clear.

While we do these things, these deeply momentous things, let us be very clear, and make very clear to all the world, what our motives and our objects are. My own thought has not been driven from its habitual and normal course by the unexpected events of the last two months, and I do not believe that the thought of the nation had been altered or clouded by them. I have exactly the same things in mind now that I had in mind when I addressed the Senate on the 22nd of January last; the same that I had in mind when I addressed the Congress on the 3rd of February and on the 26th of February. Our object now, as then, is to vindicate the principles of peace and justice in the life of the world as against selfish and autocratic power, and to set up among the really free and self-governed peoples of the world such a concert of purpose and of action as will henceforth insure the observance of those principles.

Neutrality is no longer feasible or desirable where the peace of the world is involved and the freedom of its peoples, and the menace to that peace and freedom lies in the existence of autocratic governments, backed by organized force which is controlled wholly by their will, not by the will of their people. We have seen the last of neutrality in such circumstances. We are at the beginning of an age in which it will be insisted that the same standards of conduct and of responsibility for wrong done shall be observed among nations and their governments that are observed among the individual citizens of civilized states.

We have no quarrel with the German people. We have no feeling toward them but one of sympathy and friendship. It was not upon their impulse that their government acted in entering this war. It was not with their previous knowledge or approval. It was a war determined upon as was used to be determined upon in the old unhappy days, when peoples were nowhere consulted by their rulers, and wars were provoked and waged in the interest of dynasties or of little groups of ambitious men who were accustomed to use their fellow men as pawns and tools.

Self-governed nations do not fill their neighbor states with spies or set the course of intrigue to bring about some critical posture of affairs which will give them an opportunity to strike and make conquest. Such designs can be successfully worked out only under cover and questions, one has the right to ask questions, but they are not to be carried out by deception or aggression, carried, it may be, from generation to generation, can be worked out and kept from the light only within the privacy of courts or behind the carefully guarded confidences of a narrow and privileged class. They are happily impossible where public opinion commands and insists upon full information concerning all the nation's affairs.

A steadfast concert for peace can never be maintained except by a partnership of democratic nations. No autocratic government could be trusted to keep faith within it or observe its covenants. It must be a league of honor, a partnership of opinion. Intrigue would eat its vitals away, the plottings of inner circles would render account to no one would be a corruption seated at its very heart. Only free peoples can hold their purpose and their honor steady to a common end and prefer the interests

HEAVY BUYING IN WALL STREET

By Telegraph to The Freeman.

New York, April 3.—The finding of the position of the nation in the world conflict established to a great extent by the president's message to Congress last night was followed this morning by aggressive buying of many stocks. U. S. Steel Common made the most vigorous response to the Washington developments, opening sales of that stock being 10,000 shares at 117½, to 118½, followed by a further rise to 118¾, against 116¾ at the close yesterday. There was a quick reaction to 117½, but nearly everything else actually traded in moved at about the same way, making important gains at the opening followed by recessions in which, in some cases, wiped out the initial advances. This reaction, however, was followed by renewed strength and advances were again in order in the majority of the list. Bethlehem Steel rose 1½ to 142, Baldwin rose 1 point to 63¾, and American Woolen advanced 1½ to 51½. Studebaker was exceptionally weak, opening at 99½, and then declining to 97. Midvale Steel moved up ¾ to 62½. Marine Pfd. advanced ¾ to 85½ and reacted to 84½.

LAWYERS MUST SHOW MORE PEP

Unless They are on Hand and Ready Wednesday Morning all Jurors Will be Discharged by Judge Jenkins.

Unable to make up a day calendar for today, Judge Jenkins adjourned court this morning after placing all cases marked ready for trial on the day calendar for Wednesday, and instructed the clerk to notify all attorneys that their cases had been placed on the day calendar and should be ready at 10 o'clock Wednesday when court convenes. If cases are not ready court will adjourn for the term. Every member of the jury is anxious to get home and on account of the time of year every farmer on the jury is making a sacrifice in attending court at this time of the season.

The day calendar as made up today is: No. 12, Passmore against Mascitelli, an action on contract, No. 10, Barber against Rothkopf, conversion of personal property, No. 14, Baker against Demler, an action for professional services, No. 17, 18 and 19, Sigel and another against Lasher, actions on contract, No. 20, Reis against Gruberg, an action to recover commissions.

Walter Smith, charged with grand larceny in the second degree, through his counsel, Frank Brooks, entered a plea of not guilty when arraigned and his case was put over until the June term of court. He is under bail.

The action brought by Joseph Krom against Dwight Divine et al, an action for negligence, was announced settled by Attorney John Eckert and the complaint dismissed without costs.

Court then took a recess until 1 o'clock Wednesday.

NATIONAL DEFENSE COUNCIL MEETING

Co-ordination of all Branches of Industry in Nation First on Program—Mechanics in Militia to be Released.

By Telegraph to The Freeman.

Washington, April 3.—The Council of National Defense and its allied committees met here today to consider all questions dealing with the army and navy. Already contracts for supplies whose cost runs far into the millions have been entered into. The council will now complete its plans for the co-ordination of all branches of industry in the nation.

One thing that will be taken up and settled at the outset will be the question of civilian co-operation. Advantage is to be taken of the mistakes made by the British government in the first year of the war. No men will be called into the active defense service whose work is more urgently needed elsewhere. Officers and men of the National Guard who are needed in government departments or by the big contractors who are to supply materials to the army and navy will be granted their immediate discharge. And no effort will be made to enlist in the new army men of this stamp. Instead they will be urged to remain at their regular work.

There is a general disposition on the part of officials to do everything possible to bring American industry up to its highest plane and to keep it there. It is accepted that if this is done the war will be materially shortened.

WILLIAM FOX INCOMPETENT.

Saugerties Man's Affairs to be Handled by a Commission.

After the call of the criminal calendar in county court Monday afternoon the civil cases were taken up. The will of Mary A. J. E. Eastgate, deceased, was admitted to probate by a jury, the matter having been certified from surrogate's court.

William Fox of the town of Saugerties was adjudged incompetent to handle his affairs and his two daughters, Mrs. Cora Fox Rightmyer and Mrs. Woodworth were appointed a committee by Judge Jenkins to manage his affairs. Mrs. Rightmyer and Mrs. Woodworth, the petitioners were represented by George Kaufman of Saugerties. Mr. Fox owns a farm in the town of Saugerties upon which there is an incumbrance of some \$1,300 and the interest upon this mortgage has not been paid by Mr. Fox for three years. The farm is valued at \$2,500.

Drs. Emerick and Crawford testified as to the condition of Mr. Fox and testified that in their opinion he was unable to properly manage his affairs. Mr. Fox is 73 years old and at present is living in the village of Saugerties with Orville Carn.

At the call of the jurors Patrick Fitzgerald of Kingston city was reported dead, S. G. Mott of Hardenburgh, Ill, Webster Terwilliger out of the state and John D. Terwilliger of Shawangunk was not served. Six jurors were excused. They were: John K. Fisher of Lloyd, James W. Furvis of Kingston city, John Rainey of Woodstock, George Shank of Ulster, W. C. Tammey of New Paltz and George Van Anden, an exempt freeman of Kingston city.

The only case on the day calendar for today is No. 20, Michael Reis against Charles Gruber, an action to recover commissions—Amos Van Eilen appears for Mr. Reis and Frank W. Brooks for Mr. Gruber, the defendant.

Action Dismissed. Judge Jenkins granted an order discontinuing an action brought by Hattie S. Horne, Phebe, Glensia C. and Harold D. Watson to foreclose a mortgage on property at Park, and has directed the clerk of the court to direct the clerk of the county clerk's office, DeWitt W. Osterlander, to appear for the plaintiff and Henry Klein for the defendant.

ALLIES PLEASED AT WILSON'S ACT

Joy Expressed by British and French Press Who Now Believe End of War is Appreciably Nearer.

By Telegraph to The Freeman.

London, April 3.—British and French newspapers express joy over the formal request of President Wilson that the American Congress declare that a state of war exists between the United States and Germany.

At the same time, however, stern warnings are sounded. America is told that war means hardships and privations and that the American fighting forces are going up against a perfectly organized and equipped enemy of stupendous strength.

News of the action taken in the American Congress and the text of President Wilson's address were not received here from Washington until today. They did not cause any great surprise for it had been anticipated that the United States would enter the war on the side of the Allies.

With the immense wealth of the United States and her vast resources in men and materials it is felt that the end of the war is being brought appreciably nearer. In all circles the belief is prevalent that America "will go the limit" and exert all her mighty strength to bring defeat to the German allies.

SOCIALISTS ARE AMERICANS FIRST

Party's Candidate For President Does Not Take Seriously Scheme of Civic Revolt as Protest Against War.

By Telegraph to The Freeman.

New York, April 3.—"The Socialists are Americans, they are not traitors, and they will not stab their country in the back even in the event of a war which they do not want," today declared Allan I. Benson, Socialist candidate for president at the last national election. Benson was commenting on a meeting held at Carnegie Hall last night when Winter Russell, of the American Union Against Militarism, urged a civic revolution as a protest against war.

"The suggestion of a civic revolution at this time is almost criminal, I believe," said Benson. "I certainly have no fear of any such thing, and I am certainly not from the Socialist party."

"We've got to start a revolution to prevent war," Russell is reported to have said, "Benson said today, 'I don't know whether Russell is a Socialist or not, but if he is I hope and believe that he is the only Socialist in this country that believes that a revolution is the only medium for preventing war.' For myself I can say that I do not approve of such radical actions. I think that I am safe in saying that the Socialist Party as a whole does not stand for this sort of thing either."

"Four thousand Socialists are reported to have cheered Russell when he urged revolution last night. I don't believe those people are Socialists. It is the easiest thing in the world to get four thousand people in New York who will cheer anything and so say."

"America need fear nothing from Socialism. Socialists are Americans first, and Socialist second. The nation will find Socialists just as patriotic as Democrats and Republicans and Prohibitionists. We stand united by America."

Where Colored Race Stands.

Editor, Kingston Freeman: A gentleman asked me a few days ago where the negro stood in the present crisis between the United States and Germany. My answer was: "Where he has always stood, with unswerving loyalty on the side of this government." No negro has ever been charged with being a traitor to the government nor as an anarchist. On the contrary he has taken part in all our wars and shed his blood freely for the honor of "Old Glory." True, we are barred from many avenues of lucrative employment. Not on account of our inability, but on account of the hue that God endowed us with. I know by sad experience what race prejudice means, for although I wear a G. A. R. button I have been shoved aside to make room for one with a paler skin. Still, in the face of this unjust discrimination toward an intensely loyal race, we are led to exclaim: "Oh, ungrateful America. With all thy faults we love thee still."

AZTEC FIRST OF OUR ARMED SHIPS IN BARRED ZONE

Cargo of Torpedoed Freighter Valued at \$500,000—Estimates of Missing Range From Ten to Thirty—Had Armed Guard of Bluejackets.

By Telegraph to The Freeman.

Paris, April 3.—An investigation of the destruction of the armed American merchant ship Aztec by a German submarine off the French coast with probably heavy loss of life including Americans, was begun at Brest today by representatives sent there by William G. Sharp, United States ambassador to France.

According to advices received here and based upon early fragmentary reports of survivors, the steamer was torpedoed at night.

Estimates of the missing ranged from ten to thirty.

Nineteen of the Aztec's men were picked up by a French patrol and landed at Brest. They declared that two men were missing.

The Aztec is the eighth American vessel sunk by the Germans since they began their unrestricted submarine war in the barred zone waters. Previously 36 lives had been lost—15 on the Vigilance and 21 on the Standard Oil tanker Healdton.

The Aztec, which sailed from New York for Havre on March 18 with a \$500,000 cargo, carried a crew of 39, of whom 17, including the captain, were Americans.

In addition to the crew the Aztec carried an armed guard of twelve American bluejackets to work the guns.

The Aztec was the first armed American ship to go through the barred zone. She bore American signals in order to make her nationality plain, the survivors said.

TROUBLES OF A SECOND MARRIAGE

Each Had Been Married Twice, but Naturally the First Love was More Perfect than the Last—Recorder Long to Act as Mediator.

This morning a man and woman, both past middle age, paid a call at the city hall to see Recorder Lang and asked him to act as mediator between them, and to suggest some plan whereby they could live happily together ever after. It developed the man was a widower and the woman a widow when they first met, and they finally decided to embark together on the sea of matrimony for a second trip, but the voyage so far had proved rather rough due each claimed to the seamanship of the other.

From the stories told by both parties each had a gentle habit of ousting the other from the house at various intervals. The last ejection was that of the wife who was thrown out by hubby. A short time before that the wife had ejected hubby hurling his dinner pail out after him. Wife was positive of one thing that her husband was all right with a single exception: he had a habit of using vile language addressed to her. Hubby also agreed that his wife was perfect with a single exception; that she used vile language to him.

The court suggested a hundred and one plans, and used every effort to make an amicable settlement between the pair, but finding all plans failing for a peaceful settlement of the family difficulties he informed the husband he must pay his wife \$1 a week and that they had better try living apart for one month. Both agreed and left the city hall by different doors.

LA FOLLETTE BLOCKS FLOOD RESOLUTION

Insistence Upon Regular Order in Senate
Sends War Resolution Over Until
Tomorrow--Stone Votes Against the
Measure in Committee.

By Telegraph to the Freeman.

Washington, April 3.—Opposition by Senator Robert M. La Follette, of Wisconsin, blocked immediate consideration by the Senate this afternoon of the Flood-Martin resolution, declaring that a state of war now exists between the United States and Germany.

The senate adjourned at 1:04 o'clock, nine minutes after Senator Hitchcock had called the resolution up for consideration, without taking any action on it.

Unprecedented confusion followed La Follette's objection to the immediate consideration of the resolution.

Senator Martin, the majority leader, took the floor to protest against La Follette's objection.

"I do not believe that any other business should come before this senate until this resolution is disposed of," shouted Senator Martin. The galleries burst into wild applause. Senators themselves cast aside all the customary dignity and joined in the din.

Vice President Marshall pounded with all his strength for order but failed to silence the demonstration for several minutes.

When order had been restored, the vice president reproved the galleries for the outburst, and warned that any further demonstrations would be followed by an order to the sergeant at arms to drive out all spectators.

"I demand the regular order," shouted La Follette.

Reluctantly, Vice President Marshall, without comment, ruled that under the rules the resolution must go over until tomorrow, as La Follette had demanded.

Senator Martin, declining to permit any further business to be taken up until the war resolution is voted on, moved that the senate adjourn until tomorrow at 10 o'clock.

Realizing that La Follette held the whip hand temporarily, the senate agreed to the adjournment motion without dissent.

Action in Committee.

The senate foreign relations committee, after an hour and a half session this morning, decided to recommend immediate adoption of the Flood-Martin war resolution with slight modifications as to phraseology but with no important change as to substance.

The action of the committee was reported to the house foreign relations chairman, Representative Flood, by Senator Swanson, but the house committee was not ready to proceed, its organization not having been completed.

Senator Stone, chairman of the committee, cast the only negative vote against the resolution. It was stated, however, that he would make no minority report but would merely state his views briefly on the senate floor.

The slight changes made in the resolution were regarded by members of the committee as strengthening the measure. Following is the revised text of the resolution as reported by the foreign relations committee:

"Joint Resolution."
"Declaring that a state of war exists between the Imperial German Government and the government and the people of the United States and making provision to prosecute the same."

"Whereas, the Imperial German Government has committed repeated acts of war against the government and the people of the United States of America, therefore be it

"Resolved by the senate and house of representatives of the United States of America in congress assembled, that the state of war between the United States and Imperial German Government which has thus been thrust upon the United States is hereby formally declared and the president be, and he is hereby authorized and directed to employ the entire naval and military forces of the United States and the resources of the government to carry on war against the Imperial German Government and to bring the conflict to a successful termination to which end all of the resources of the country are hereby pledged by the congress of the United States."

RIVER AND CREEK NAVIGATION NOTES

Strike on Brickyards for Higher Pay
—Tows are Running Heavy with
50 and 60 Boats in a Tow.

Last week a strike was reported at the yard of the Washburn brickyard at Glasco and today a strike was reported at the yard of the Hendricks Brick Company at East Kingston. The men are said to have struck for higher pay.

The tows are running exceptionally heavy at this time with from fifty to sixty boats in each tow. Brick, ice and cement are being shipped to the New York market.

Up the river a heavy freshet is reported. While there has been a strong current in the Rondout creek there has been no freshet this year.

Monday evening the tug George W. Washburn, which has been laid up at her winter berth in the Rondout creek, was placed in commission.

Freight shipments by river are also heavy and the Central Hudson line is carrying large cargoes on each trip.

BIG RED CROSS MASS MEETING

There can no longer be any doubt as to the necessity of most energetic work on the part of the American Red Cross in every part of the country, and it is equally certain that the Ulster County Chapter will be desirous of doing all possible to fulfill all that the government may require of it. In order to create greater interest, give the people of the entire community more intimate knowledge of the chapter needs and work the membership committee, Mrs. L. Gordan Reel, chairman, are arranging for a big public mass meeting to be held at the high school on Tuesday evening of next week, April 10. This meeting will be free to the entire public and with conditions as they are the high school should be crowded for there is needed work for everyone to do and do at once. Albert H. Straub, director of the Atlantic division of the American Red Cross, will speak, as will other noted men, and there will be patriotic music. Further and more specific announcement as to the meeting will appear in the local press from day to day.

MRS. JULIA BATCHELDER.

OFFERS UNITED STATES GIFT OF AMBULANCE.

American women are demonstrating their love of country daily by offering to the government their services, their homes or gifts of military equipment. Among the latest offerings is one today from Mrs. Julia O. Batchelder, of New York city, of a complete ambulance outfit for the use of American soldiers should war come with Germany.

Mrs. Julia O. Batchelder, the former Countess de Bois Lucy, has returned to America after six years in Europe. She has renounced her title and wishes to be known as Mrs. Batchelder.

SOLD COAL TO GO TO MOVIES

How One Charity Applicant Raised the Price—She is a Movie Fiend Which May be One Reason Why City Has to Support Her—City Home Now Has a Cook—Other Matters.

"Gee, but that is a good picture, and I sure would like to see it," muttered an uptown woman the other evening as she sat in her rocking chair before the stove reading a newspaper. She dropped the paper and again went on a still hunt through her pocketbook hoping against hope that in a farthest corner she might find a lurking dime, but her search was fruitless. With an expression of discouragement on her face she dropped her paper and began slowly rocking in deep thought as she brooded over the fact that some women are born lucky, or marry lucky, and never have to worry about where a dime is coming from to go to a movie, while there, like herself, have to pinch and scrape.

Suddenly a smile illuminated her face, and with a gasp of joy she jumped up and hurried down cellar to the coal bin, and filling a scuttle with coal she hurried with it to a neighbor's house and sold it for the coveted dime. Half an hour later she might have been seen up front in the movies drinking deep of the joys of the movie world.

It might be added here, however, that the coal she had sold was part of the amount furnished her by the city Charity Commissioners. She is but one of a number of people applying and expecting the city to furnish them with food, clothing and coal.

It is likely that the next time she applies to the alms commissioners for aid she will be made to give a strict accounting of the alms furnished her.

The above yarn of the movie fiend was told by Commissioner Osterhout at the expense of President Waterbury at the regular monthly meeting of the Charity Commissioners held at the city hall on Monday evening. The woman movie fiend resides in President Waterbury's ward uptown. Her name is deleted this time by the censor.

City Home's New Cook.

Superintendent Edmonston is happy again for he has at last secured the rarest of all jewels, a good cook, and the job at the City Home is now being filled by Mrs. George Garrison assisted by her husband.

Eugene Harris, who has been in charge of the kitchen at the City Home, in the days when it was called Alma House down to the present time, retired from active work on Saturday. He has served in the harness for nineteen years, as told in The Freeman last month.

Renew Insurance.

Superintendent Edmonston called attention to several insurance policies to the City Home which expire this month and on motion of Commissioner Fischer they were renewed with the same agencies. The amount of the policies and name of agencies follow: Pardee's Agency, \$5,500; McEntee's Agency, \$5,500; DuBois & McCasland, \$3,000; C. Rieser, \$3,000; A. R. Elmendorf, \$2,500.

At the present time about \$40,000 in insurance is carried on the City Home.

Reports Adopted.

Before adjourning the board adopted the reports of Superintendent Edmonston which are given below.

President Waterbury presided at the meeting with Commissioners Fischer, Davis, Kellerman, Lang and Osterhout and Superintendent Edmonston were present.

Secretary's Report.

Superintendent Edmonston, who is also secretary of the board, submitted the following report: Balance in bank March 7, 1917, \$819.32.

Deposited by city treasurer March 23, 2,000.00.

Deposited with city treasurer by supt., 172.35.

Amount of bills audited, 2,680.63.

\$311.04.

There are 53 inmates at City Home of which number 34 are male and 19 female.

The Kingston City Hospital report for March showed 19 cases with 139 days' treatment.

Out Door Relief.

Groceries and provisions given out from City Home during March amounted to \$259.62, as follows:

First Ward, \$8.00; Third Ward, 24.48; Fourth Ward, 33.60; Fifth Ward, 14.50; Sixth Ward, 75.89; Seventh Ward, 37.68; Ninth Ward, 14.40; Tenth Ward, 14.03; Eleventh Ward, 14.40; Twelfth Ward, 6.40; Thirteenth Ward, 16.24.

Groceries and provisions given out for work at City Home as follows: Third ward, \$11.46, and Sixth ward, \$11.98.

Meals given out for work as follows: Third ward, \$4.75, and Sixth ward, \$4.75.

Total for relief work was \$292.56.

Coal Given Out.

Coal given out by wards as follows: Third Ward, \$30.46; Fourth Ward, 7.60; Sixth Ward, 100.77; Seventh Ward, 15.29; Eighth Ward, 3.80.

\$157.77.

Shoes Given Out.

Shoes given out by wards as follows: Third Ward, \$16.10; Fourth Ward, 16.90.

Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

ESOPUS.

Esopus, April 3.—Miss Hazel Mott left on Saturday for an extended Easter visit with her friend, Miss Lucretia Fraleigh at Red Hook, Dutchess county.

Mrs. Amy Sheeley returned from her stay in Brodhead on Friday.

The Rev. Samuel Bullen will attend the one hundred and seventeenth session of the New York Conference this week. The conference will be held in the Washington Square Methodist Church, New York city.

Mrs. Merrill DuBois of Kingston, with her daughter, Mrs. Raymond Parsells of Schenectady, were entertained at the home of Mrs. Edward Ashton on Thursday last.

Mr. and Mrs. Martin Roberts are the proud parents of a twelve-pound baby boy, who will be called Edward for his grandfather.

Mr. and Mrs. Hasbrouck Freer made a trip to Kingston on Thursday in their new 1917 model touring car just purchased of Percy Mott. While there they called upon Mr. Freer's mother, Mrs. Emory Freer.

Mrs. Phebe McLean and son Harold have moved from Brodhead to Esopus and will occupy the house at the Parker dock. They will have charge of the freighting business during the boating season.

Mrs. Alfred Wright is again seriously ill at her home in this village. She has been unable to speak since Tuesday last at which time she suffered a stroke causing paralysis of the tongue and throat. Much sympathy is felt in the community for both Mrs. Wright and her family in their affliction. Her daughter, Mrs. Paul Dietrich, of New York city, is caring for her and everything possible is being done for her comfort.

John P. Ganoung and family will move to Middle Hope next week, where he has taken a position on the large fruit farm of W. Westlake. Walter Stewart and family will occupy Mr. Ganoung's residence in this village instead of the apartment house as previously stated.

Miss Cynthia Lowe will spend the week in Port Even with her aunt, Mrs. Mary Beckwith.

The result of the parcel post sale on Saturday evening far exceeded the expectations of those who had it in charge as everything in the way of parcels and refreshments were so quickly disposed of. Those who came in late were disappointed to find the excellent home made ice cream all gone and were obliged to settle themselves with hot coffee, cake, peanuts and home made candy. There was a nice variety of the latter article kindly made by Mrs. George Mowell. \$24.08 was the amount received.

On Sunday afternoon Mrs. Calvin Cole, Miss Helen Cole and Mrs. Fred Freer were given an auto ride to Newburgh by Daniel Freer in his Ford touring car. The drive was much enjoyed by all, and on the way they called at the Middle Hope parsonage to inquire after Mrs. W. H. Austin, who has been very ill the past few weeks. Her physician, Dr. Mosher, of Marlborough, has now pronounced her out of danger and her many friends hope for her speedy recovery.

On next Sunday morning the Rev. R. M. Roberts will have charge of the Easter service in the Methodist Church at the usual hour, 10:45. Sunday school will be held at 9:45, and Epworth League devotional meeting at 7:30 in the evening.

A financial report for the conference year was given by the church treasurer, John L. Schultz, on Sunday evening. All the obligations of the church have been met, over eight hundred dollars having been raised and expended during the year. At the close of the report the Rev. Mr. Bullen paid a glowing tribute to Mr. Schultz for his efficiency as treasurer. He said in substance, that for method, accuracy and interest he had not met his equal in all his years of pastorate (more than twenty-five years) in the New York conference. Mr. Schultz well deserves the praise as he has devoted much time and patience to this work for several years.

Martin Roeborg expects to spend Easter Sunday with relatives in New York city.

Mr. and Mrs. George Coutant of Highland spent Sunday with Mrs. Edward Ashton. They formerly resided in Esopus and their old neighbors and friends were pleased to greet them at the morning service.

Harmony Above All.

A garden should not be considered as a piece of wild nature, nor plants regarded as architectural ornaments, for one must not do violence to the other. Above all must there be harmony. Otherwise the builder has labored in vain, for he has not made a picture that artists care to reproduce.

BRITISH CROSSING THE TIGRIS WHY THE BRITISH ROUTED THE TURKS IN MESOPOTAMIA.

This picture, the first to be received showing British activities in Mesopotamia, explains in itself the means by which the English were able to route the Turks on the Tigris, capture Kut-el-Amara, force the Turks in flight back on Bagdad and then capture Bagdad and send the Turkish army, broken in half, fleeing in two different directions. The answer is transportation. It had been generally supposed that the British relied mainly on water transportation on the Tigris for supplies for their base, the Persian gulf. The picture, however, shows a train crossing a Mesopotamia desert on the tiny military railway constructed with astonishing rapidity by the English engineers. The railway was built in the face of most discouraging difficulties—intense heat, sand storms and seemingly bottomless marshes.

LA FOLLETTE BLOCKS FLOOD RESOLUTION

Insistence Upon Regular Order in Senate
Sends War Resolution Over Until
Tomorrow--Stone Votes Against the
Measure in Committee.

By Telegraph to the Freeman.

Washington, April 3.--Opposition by Senator Robert M. La Follette, of Wisconsin, blocked immediate consideration by the Senate this afternoon of the Flood-Martin resolution, declaring that a state of war now exists between the United States and Germany.

The senate adjourned at 1:04 o'clock, nine minutes after Senator Hitchcock had called the resolution up for consideration, without taking any action on it.

Unprecedented confusion followed La Follette's objection to the immediate consideration of the resolution.

Senator Martin, the majority leader, took the floor to protest against La Follette's objection.

"I do not believe that any other business should come before this senate until this resolution is disposed of," shouted Senator Martin. The galleries burst into wild applause. Senators themselves cast aside all the customary dignity and joined in the din.

Vice President Marshall pounded with all his strength for order but failed to silence the demonstration for several minutes.

When order had been restored, the vice president reproved the galleries for the outburst and warned that any further demonstrations would be followed by an order to the sergeant at arms to drive out all spectators.

"I demand the regular order," shouted La Follette.

Reluctantly, Vice President Marshall, without comment, ruled that under the rules the resolution must go over until tomorrow, as La Follette had demanded.

Senator Martin, declining to permit any further business to be taken up until the war resolution is voted on, moved that the senate adjourn until tomorrow at 10 o'clock.

Realizing that La Follette held the whip hand temporarily, the senate agreed to the adjournment motion without dissent.

Action in Committee.

The senate foreign relations committee, after an hour and a half session this morning, decided to recommend immediate adoption of the Flood-Martin war resolution with slight modifications as to phraseology but with no important change as to substance.

The action of the committee was reported to the house foreign relations chairman, Representative Flood, by Senator Swanson, but the house committee was not ready to proceed, its organization not having been completed.

Senator Stone, chairman of the committee, cast the only negative vote against the resolution. It was stated, however, that he would make an minority report but would merely state his views briefly on the senate floor.

The slight changes made in the resolution were regarded by members of the committee as strengthening the measure. Following is the revised text of the resolution as reported by the foreign relations committee:

"Joint Resolution."

"Declaring that a state of war exists between the Imperial German Government and the people of the United States and making provision to prosecute the same.

"Whereas, the Imperial German Government has committed repeated acts of war against the government and the people of the United States of America, therefore be it

"Resolved by the senate and house of representatives of the United States of America in congress assembled, that the state of war between the United States and Imperial German Government which has thus been thrust upon the United States is hereby formally declared and the president be and he is hereby authorized and directed to employ the entire naval and military forces of the United States and the resources of the government to carry on war against the Imperial German Government and to bring the conflict to a successful termination to which end all of the resources of the country are hereby pledged by the congress of the United States."

House in Recess.

Washington, April 2.--After recessing the general deficiency bill, the House adjourned at 1:45 today until noon tomorrow. The bill was passed by the last Congress, but failed to get by the Senate because of the filibuster on the armed neutrality measure.

RIVER AND CREEK NAVIGATION NOTES

Strike on Brickyards for Higher Pay
--Tows are Running Heavy with
30 and 40 Boats in a Tow.

Last week a strike was reported at the yard of the Washburn brickyard at Glasco and today a strike was reported at the yard of the Hendricks Brick Company at East Kingston. The men are said to have struck for higher pay.

The tows are running exceptionally heavy at this time with from fifty to sixty boats in each tow. Brick, ice and cement are being shipped to the New York market.

Up the river a heavy freshet is reported. While there has been a strong current in the Rondout creek there has been no freshet this year.

Monday evening the tug George W. Washburn, which has been laid up at her winter berth in the Rondout creek, was placed in commission.

Freight shipments by river are also heavy and the Central Hudson line is carrying large cargoes on each trip.

BIG RED CROSS MASS MEETING

There can no longer be any doubt as to the necessity of most energetic work on the part of the American Red Cross in every part of the country, and it is equally certain that the Ulster County Chapter will be desirous of doing all possible to fulfill all that the government may require of it. In order to create greater interest, give the people of the entire community more intimate knowledge of the chapter needs and work the membership committee, Mrs. C. Gordon Reel, chairman, are arranging for a big public mass meeting to be held at the high school on Tuesday evening of next week, April 10. This meeting will be free to the entire public and with conditions as they are, the high school auditorium is crowded for there is needed work for everyone to do and do at once. Albert H. Straub, director of the Atlantic division of the American Red Cross, will speak, as will other noted men, and there will be patriotic music. Further and more specific announcement as to the meeting will appear in the local press from day to day.

HOME GARDENS TO BE GIVEN BOOST

Chamber of Commerce Committees Named to Encourage Planting of Vacant Lots, and to Work for Industries, Home Trade and Better Credits.

An important meeting of the board of directors of the Chamber of Commerce was held at headquarters last evening, seven of the eight members being in attendance. Lucius E. Wilson of the American City Bureau was present at the meeting and rendered valuable assistance in advising the board regarding the program of work which has been under consideration for the past few weeks.

John D. Kline was elected as a member of the chamber.

The president appointed as a committee on member's forum the following: Vincent A. Gorman, chairman; Arthur G. Carr, Ralph D. Clearwater, John E. Mahar, A. D. Pardee and F. L. Thornberry. This committee will be organized at once with a view to arranging for at least two members meetings a month. An outside speaker will be secured if possible to address one of these semi-monthly meetings, while the other is to be devoted to a discussion by the members of local problems and questions pertaining to the work of the organization.

Reports were received from several committees including the Barge Canal Terminal committee. Provision was made for representation at the hearing to be held in Albany on Wednesday (postponed to April 11) and for suitable resolutions to be presented at that time to the legislative committee.

The committee having in hand the proposal to establish a foundry in this city made a report of progress, and the president was authorized to appoint a committee to investigate a proposition, made through a well known real estate firm in this city, involving the erection of a building to accommodate an industry which will employ from forty to fifty men exclusively. The parties concerned propose to erect a factory and bring some of their present employees from Brooklyn, where their present plant is located, and asked the Chamber of Commerce to encourage them to the extent of assuming their city and county taxes for the first five years.

Estimates for the printing of 1,000 copies of the by-laws and a classified membership list combined were submitted and the bid received from C. Thomas & Son was accepted.

After the disposal of these and other reports the board devoted two hours to the earnest consideration of the program of work. Definite action was taken on the suggestions of the members and recommendation of preliminary committees as follows:

Credit Bureau.—The board decided to include in the program of work a credit bureau and authorized the appointment of a committee to work out the general policy of the same.

Home Trade.—A resolution was adopted to the effect that there be included in the program of work a plan assuring the support of the Chamber of Commerce in the extension of home trade. In this connection the directors authorized the appointment of a committee to arrange for a meeting of the retail merchants of the city at which time this matter will be considered.

Industrial.—It was resolved that there be included in the program of work a plank favoring the establishment of new industries in Kingston. Agricultural.—The directors voted to adopt an agricultural plank in the platform. The movement for the cultivation of vacant lots and gardens in this city received special consideration and it was decided that the original agricultural committee be enlarged and authorized to promote this movement. This committee is to list applications for vacant lot gardens; to find vacant lots suitable for gardening and assign them to applicants; to devise means for putting gardens into shape so that they can be worked with hand tools; to provide seeds for gardeners unable to purchase same, and arrange a schedule of prizes for the best gardens and the best product of gardens. The committee will invite and welcome the co-operation of the city government, Farm Bureau, Garden Club, school and parent clubs and any other interested agencies.

The board then adjourned until Wednesday evening of next week, April 11, at which time other features of the program of work will be considered and a definite policy regarding same adopted.

TO SILVER MIRRORS.

How They Should Be Treated With a Nitrate Solution.

Thoroughly clean the surface with soap and warm water, to which add a few drops of lye. Rub the surface dry and then keep it covered to protect from dust. A wall of putty or clay should be built about two inches away from the spot to be repaired, being very careful not to touch the clean surface. This is to serve as a reservoir for the silvering bath. For each nine square inches to be covered pour one-half ounce of a 3 per cent solution of silver nitrate. To this add ammonia water, drop by drop, until a light brown sediment appears and does not dissolve. There should be a very small quantity of this sediment produced.

Dissolve a piece of glucose about one-fourth inch square in a half ounce of water. Warm the solution and add to the nitrate solution on the mirror, which should be in a warm place pre-

tested from dust and allowed to remain for twelve hours. Pour off the solution, dry, remove all traces of putty, etc., then cover the entire surface with shellac.

Diluted nitric acid will dissolve the silvering from a piece of glass.

Fed That May Return.
"In my time," declared grandma, "girls were more modest." "I know," said the flippant girl. "It was a fad once. We may get back to it."—Life.

A "Good Time" Necessary.
Do not refuse your growing boy or girl legitimate pleasures. Young folks who are "kept down" do not stay there long. Encourage your boy or girl to have a good time in the right way, and know who his or her chums are. Invite these chums to your home, and let the young folks sing and play and have a good time together. Boys and girls between fifteen and twenty need looking after, and a good mother means more to young folks between those years than all the rest of the world combined.

FOR SALE TO CLOSE AN ESTATE.
A well-known old homestead in the village of Stone Ridge, Ulster County, N. Y., 50 acres of tillable land, large 10 room dwelling, good order, also extra stone dwelling, colonial, with large fire places, located on state road, large outbuildings, orchard, and an abundance of water. Stone Ridge is high, healthy, accessible, and surrounded by delightful rural environments, and this affords a rare opportunity to secure a very desirable country home.

PREPARING WOMEN TO TAKE PLACES OF MEN.

Miss Kathryn Heatherton, who has been placed in charge of the "War Substitution" department of the National Surety Company, New York city, which is preparing to substitute women for hundreds of its men employees, thus releasing the men for war duty. It is estimated that at least 100,000 office men can be replaced in New York city alone.

Plain of Damascus.

The fertile plain in which Damascus is situated is about 30 miles in diameter and is due to the river Barada, which is probably the Abana of Scripture. Two other streams, the Wady Helbon, on the north, and the Awaj on the south, increase this fertility and these two contend for the honor of representing the Pharpar, the other Scriptural stream.

Bridge in Scripture.

The only mention of a bridge in the canonical Scriptures is indirectly in the principality of Geshur, a district to the northeast of the sea of Galilee. At this place a bridge is said to exist still which is called by the Arabs "The Bridge of the Sons of Jacob." The Romans are credited with being the first constructors of arched bridges over streams.

COCONUT LOAF CAKE
1/2 cup of Baker's Fresh
Grated Coconut; 1/2 cupful of
butter; 1 cupful of granulated
sugar; 2 eggs; 1/2 cupful of co-
conut milk; 2 cupfuls of flour;
2 level teaspoonfuls of baking
powder.

Cream butter and sugar until light;
add well mixed yolks of eggs, co-
conut milk, half the sifted flour and
baking powder, the coconut which
has been pressed dry in fruit press
or cheesecloth. Beat the whites of
eggs until light; fold in and add the
rest of flour. Place on bottom rack
of moderate oven; bake 45 minutes.
Try with darning needle. If smooth,
cake is done; if not, bake five to eight
minutes longer. It is hard to give
exact time to bake, as there is a dif-
ference in ovens.

The cake will keep a week (if kept
under lock and key); in fact, it is bet-
ter in three or four days than when
first baked.

American Mineral Oil

PRACTICAL HEALTH HINT.

Use of Mineral Oil.

Dr. Le Tanneur contributes to
the Paris Medical some practical
points in the use of mineral oil in
constipation. The oil, he says, is
in no way digested or even modified by
the juices of the stomach and in-
testines. It acts as a lubricant and
nothing else, though it tends to heal
abrasions of the intestinal wall
caused by rough particles of food.

The New York Medical Journal
says mineral oil should be taken
either before breakfast or after dinner,
two tablespoonfuls being a dose.
Its use should be continued every
day for at least a fortnight, when
the bowels will continue to work
naturally without it, for the mineral
oil is in no sense a cathartic, but it
will cure constipation.—Kingston
Daily Freeman, February 17, 1917.

PORT EWE.

Port Ewen, April 3.—The Misses
Elizabeth and Alvira Roosa, who
have spent the week end at their
home in May Park, returned to Vas-
sar College Monday on the 12:11
train.

Mrs. Wilson Drake of Unadilla
spent the week end with Mr. and
Mrs. James O. Drake on Salem
street.

Rev. and Mrs. K. M. Reynolds of
St. Louis, Missouri, spent the week
end with Rev. and Mrs. Eugene A.
Bookhout, at the Methodist parson-
age.

Mrs. Catherine Keegan of Albany,
N. Y., spent last week with Mrs.
Annie Kelly on Minton street, and
has returned home.

Mrs. William Mallia has returned
to her home on Tilden street.
Miss Marie F. Conroy of Albany,
N. Y., is spending her Easter vaca-
tion with her mother, Mrs. William
Mallia.

Miss Wava Stephenson is ill at her
home on Broadway. Dr. G. W. Ross
is attending her.

The Ladies' Aid Society of the
Methodist Church will hold their
monthly meeting at the chapel on
Thursday, April 4, at 3 o'clock.
The president, Mrs. M. J. Major, re-
quests a large representation of the
members to be present as a question
of vital importance is to be decided
at this meeting.

Mr. and Mrs. Eugene Specor and
son, Alexander, moved from the
house of Mrs. Luella Updegraff on
Broadway to the new home of John
R. Monroe in Kingston.

Le Grand Doyle & Sons are deco-
rating the interior of the house of
Mrs. Luella Updegraff on Broadway.

week end with her sister, Miss Mil-
dred Short on Broadway, returned
to her home in Kingston Monday.

James Clark died at the home of
his sister, Mrs. Joseph Leiching on
Monday morning, April 2. His fune-
ral will be held Wednesday after-
noon at 2 o'clock from the home of
Mrs. Joseph Leiching. Rev. Eugene
A. Bookhout, pastor of the Methodist
Church, will officiate.

Rev. K. M. Reynolds of St. Louis,
Mo., acted as installing officer of the
Brotherhood of the Methodist
Church Sunday evening, April 1, in-
stead of Rev. I. M. Roberts, as ex-
pectedly stated in Monday even-
ing's Freeman.

The organized adult Bible class
of the Methodist Sunday school will
meet at the home of Mr. and Mrs.
George Balantine on Salem street
this evening. A full attendance is
desired.

THE VLY.

The Vly, April 2.—There will be
no church services until April 23 as
our pastor, the Rev. M. Thompson
has left for conference. We hope he
may come back with us another year,
as Mr. Thompson has done all he
could to make his work a success.

Moses Van Demark, Charles Van
Demark helped Luther Trowbridge
say his word Friday last.

Mrs. Wesley Burger made a busi-
ness trip to Stone Ridge Wednesday.
The sick in this place are very
slowly improving. We hope to see
them all around again soon.

Mrs. Charles Davis of Poughkeepsie
has been spending a week with
her parents, Mr. and Mrs. Charles
Hungerford. Mrs. Davis expects to
return to her home in Poughkeepsie
on Saturday. Her friends wished
that she could spend a long time with
them.

Wesley Burger of this place has
employment at Rhinebeck where he
is going to spend the summer. He
leaves on Monday, April 2. We all
wish Mr. Burger the best of luck and
hope he will be pleased with his pos-
ition. Mr. Burger will be missed by
all his friends and hope he will come
over to see us when ever he can get
a vacation.

Hazlie Trowbridge of this place is
not very well at this time. We hope
to hear that he is better in a short
time.

Mrs. Granville Ackert is improving
very slowly after having a touch of
the grip.

Mrs. Charles Davis was the guest
of Mr. and Mrs. Hazlie Trowbridge
Thursday.

Miss Agnes Olsen, who has em-
ployment at Briarcliff, is home for a
vacation of five days.

Pure Air.

Pure air is blue, because, as New-

have the thickness necessary to reflect
blue rays. When the sky is not per-
fectly blue the atmosphere is blended
with perceptible vapors, and the dif-
fused light is mixed with a large pro-
portion of white.

TERMINAL HEARING PUT OVER A WEEK

Notice was received this morning that, owing to the pressure of other business, the legislative hearing on the Walton bill for barge canal terminals set for Wednesday afternoon has been postponed one week to Wednesday afternoon, April 11, at 2 o'clock.

Arrangements had been made by a number of Kingston citizens to attend the hearing and the Chamber of Commerce was to send a large delegation. It is hoped that the change of dates will not prevent a large number of residents from attending the postponed hearing next week as it is only by the expression of interest from the four cities affected that the Hudson Valley can be assured of recognition at this time by the legislature.

JOSEPH HAD A ONE DOLLAR JAG

Joseph Buckley of Schenectady and Albany, expended the sum of one dollar he had earned by the sweat of his brow on Monday for some liquid refreshments, and later in the day was picked up helplessly drunk by Policeman Shader who thought it best to lock Joseph up as he was not in a condition to take care of himself. Joseph, who gave his age as 40 years, was arraigned before Recorder Lang this morning. All he could remember was having a few beers and the fact that he must have spent a dollar. He said he had a job in town waiting for him, getting a garden in shape for the spring planting. Recorder Lang gave heed to his plea for another chance and discharged Joseph with the warning that if brought up again he would be given a three month job at Albany in the pen.

Cantata at Clinton Ave. Church.

One of the most beautiful and unique Easter services will be celebrated at the Clinton Avenue M. E. Church on Easter Sunday evening. Arthur H. Snyder, the organist and director, is rehearsing the choral choir on the great dramatic cantata, "From Darkness to Dawn," by F. W. Peace. The choir will be assisted by Miss Georgianna Claflin, one of our most talented electionists in the city. Miss Claflin, accompanied with organ, will recite the story of "The Way of the Cross," commencing with the betrayal of the Crucified in the Garden of Gethsemane. At the end of each tragic event, the choir will render the appropriate musical setting of the picture, all the principal events of the Redemption being set forth in this manner to its triumphant conclusion, the congregation taking part in the service with responsive scripture reading and Easter hymns.

Not Mistake of Printer.

The name of Rufus C. Van Aken, a member of the high school class of 1917, was omitted from the list of members published Monday. In explanation of the omission, it was said at the high school that the printer must have been to blame. A scrutiny of the official copy furnished shows that Mr. Van Aken's name was not contained thereon.

MATTERS BEFORE THE SURROGATE

The will of Mary Merles of the town of Plattekill was admitted to probate by Surrogate Gill in the surrogate's court Monday. To her son, Nicholas, the testatrix bequeaths certain personal belongings and the balance of the estate is given to her daughter, Anna. Her son, Martin Merles, is appointed executor. The will was executed May 22, 1915, and witnessed by Charles S. Fowler and Anna Merles, both of Highland. The value of the real estate is \$3,000 and the personal property amounts to \$2,000.

A hearing was had in the matter of the judicial settlement of the account of Grace W. Hertiwig as executrix of the estate of Mary W. Briggs of Ellenville and a decree was granted. H. Westlake Coons appeared for the executrix.

A hearing was had in the matter of the judicial settlement of the account of Louis Smith as executor of the estate of Minerva Smith of Kingston city and a decree was directed. Brininger & Canfield appeared for the executor.

A hearing was had in the matter of the judicial settlement of the account of James H. Heaton as administrator of the estate of Sarah E. Heaton of the town of Plattekill and a decree was granted. DeWitt W. Ostrander appeared for the administrator.

The matter of proving the will of Abraham Canright of Saugerties was adjourned to April 9.

REPORTS OF APPRAISAL.

MRS. JULIA O. BATCHELDER.

OFFERS UNITED STATES GIFT OF AMBULANCE.

American women are demonstrating their love of country daily by offering to the government their services, their homes or gifts of military equipment. Among the latest offerings is one today from Mrs. Julia O. Batchelder, of New York city, of a complete ambulance outfit for the use of American soldiers should war come with Germany.

Mrs. Julia O. Batchelder, the former Countess de Bois Lucy, has returned to America after six years in Europe. She has renounced her title and wishes to be known as Mrs. Batchelder.

SOLD COAL TO GO TO MOVIES

How One Charity Applicant Raised the Price—She is a Movie Fiend Which May be One Reason Why City Has to Support Her—City Home Now Has a Cook—Other Matters.

"Gee, but that is a good picture, and I sure would like to see it," muttered an uptown woman the other evening as she sat in her rocking chair before the stove reading a newspaper. She dropped the paper and again went on a still hunt through her pocketbook hoping against hope that in a farthest corner she might find a lurking dime, but her search was fruitless. With an expression of discouragement on her face she dropped her paper and began slowly rocking in deep thought as she brooded over the fact that some women are born lucky, or marry lucky, and never have to worry about where a dime is coming from to go to a movie, while others, like herself, have to pinch and scrape.

Suddenly a smile illumined her face, and with a gasp of joy she jumped up and hurried down cellar to the coal bin, and filling a scuttle with coal she hurried with it to a neighbor's house and sold it for the coveted dime. Half an hour later she might have been seen up front in the movies drinking deep of the joys of the movie world.

If it might be added here, however, that the coal she had sold was part of the amount furnished her by the city Charity Commissioners. She is but one of a number of people applying and expecting the city to furnish them with food, clothing and coal.

It is likely that the next time she applies to the alms commissioners for aid she will be made to give a strict accounting of the alms furnished her.

The above yarn of the movie fiend was told by Commissioner Osterhout at the expense of President Waterbury at the regular monthly meeting of the Charity Commissioners held at the city hall on Monday evening. The woman movie fiend resides in President Waterbury's ward uptown. Her name is deleted this time by the censor.

City Home's New Cook.

Superintendent Edmonston is happy again for he has at last secured the rarest of all jewels, a good cook, and the job at the City Home is now being filled by Mrs. George Garrison assisted by Mrs. George Harris, who has been in charge of the kitchen at the City Home in the days when it was called Alms House down to the present time, retired from active work on Saturday. He has served in the harness for nineteen years, as told in The Freeman last month.

Renew Insurance.

Superintendent Edmonston called attention to several insurance policies to the City Home which expire this month and on motion of Commissioner Fletcher they were renewed with the same agencies. The amount of the policies and name of agencies follow: Pardee's Agency, \$5,500; McIntee's Agency, \$5,500; DuBois & McCausland, \$3,000; C. Rieser, \$3,000; A. R. Wittenberg, \$2,500. At the present time about \$40,000 in insurance is carried on the City Home.

Reports Adopted.

Before adjourning the board adopted the reports of Superintendent Edmonston which are given below.

President Waterbury presided at the meeting with commissioners Fischer, Davis, Kellerman, Lang and Osterhout and Superintendent Edmonston were present.

Secretary's Report.

Superintendent Edmonston, who is also secretary of the board, submitted the following report:

Balance in bank March 7, 1917	\$ 819.32

AN EXPERT ON COLDS

Comparatively few people realize that a cold is a signal of physical weakness. To treat a cold with weakening physics, alcoholic syrups or drugged pills, may smother the cold but they also reduce the body powers still further and invite more serious sickness.

Scott's Emulsion has always been an expert on colds, because it peculiarly enriches the blood, quickly tones up the forces and strengthens both throat and chest. Try Scott's. Refuse Substitutes.

ESOPUS.

Esopus, April 3.—Miss Hazel Mott left on Saturday (for an extended Easter visit with her friend, Miss Lucetta Fraleigh at Red Hook, Dutchess county.

Mrs. Amy Sheeley returned from her stay in Brodhead on Friday. The Rev. Samuel Bullen will attend the one hundred and seventh session of the New York Conference this week. The conference will be held in the Washington Square Methodist Church, New York city.

Mrs. Merrill DuBois of Kingston, with her daughter, Mrs. Raymond Parsells of Schenectady, were entertained at the home of Mrs. Edward Ashton on Thursday last.

Mr. and Mrs. Martin Roberts are the proud parents of a twelve-pound baby boy, who will be called Edward for his grandfather.

Mr. and Mrs. Hasbrouck Freer made a trip to Kingston on Thursday in their new 1917 model touring car just purchased of Percy Mott. While there they called upon Mr. Freer's mother, Mrs. Emory Freer.

Mrs. Phoebe McLean and son Harlow have moved from Brodhead to Esopus and will occupy the house at the Parker dock. They will have charge of the freighting business during the boating season.

Mrs. Alfred Wright is again seriously ill at her home in this village. She has been unable to speak since Tuesday last at which time she suffered a stroke causing paralysis of the tongue and throat. Much sympathy is felt in the community for both Mrs. Wright and her family in their affliction. Her daughter, Mrs. Paul Dietrich, of New York city, is caring for her and everything possible is being done for her comfort.

John P. Ganoung and family will move to Middle Hope next week, where he has taken a position on the large fruit farm of W. Westlake. Walter Stewart and family will occupy Mr. Ganoung's residence in this village instead of the apartment over the store as previously stated. Miss Cynthia Love will spend the week in Port Jervis with her aunt, Mrs. Mary Beckwith.

The result of the parcel-post sale on Saturday evening far exceeded the expectations of those who had it in charge as everything in the way of parcels and refreshments were so quickly disposed of. Those who came in late were disappointed to find the excellent home made ice cream all gone and were obliged to solace themselves with hot coffee, cake, peanuts and home made candy. There was a nice variety of the latter article kindly made by Mrs. George Mowell. \$24.08 was the amount received.

On Sunday afternoon Mrs. Calvin Cole, Miss Helen Cole and Mrs. Fred Freer were given an auto ride to Newburgh by Daniel Freer in his Ford touring car. The drive was much enjoyed by all, and on the way they called at the Middle Hope parsonage to inquire after Mrs. W. H. Austin, who has been very ill the past few weeks. Her physician, Dr. Mosher, of Marlborough, has now pronounced her out of danger and her many friends hope for her speedy recovery.

On next Sunday morning the Rev. R. M. Roberts will have charge of the Easter service in the Methodist Church at the usual hour, 10:45. Sunday school will be held at 9:45, and Epworth League devotional meeting at 7:30 in the evening.

A financial report for the conference year was given by the church treasurer, John L. Schultz, on Sunday evening. All the obligations of the church have been met, over eight hundred dollars having been raised and expended during the year. At the close of the report the Rev. Mr. Bullen paid a glowing tribute to Mr. Schultz for his efficiency as treasurer. He said in substance, that for method, accuracy and interest he had not met his equal in all his years of pastorate (more than twenty-five years) in the New York conference. Mr. Schultz well deserves the praise as he has devoted much time and patience to this work for several years.

Martin Roehrig expects to spend Easter Sunday with relatives in New York city.

Mr. and Mrs. George Contant of Highland spent Sunday with Mrs. Edward Ashton. They formerly resided in Esopus and their old neighbors and friends were pleased to greet them at the morning service.

Harmony Above All.

A garden should not be considered as a piece of wild nature, nor plants regarded as architectural ornaments, for one must not do violence to the other. Above all must there be harmony. Otherwise the builder has injured in vain, for he has not made a picture that artists care to reproduce.

Spring Displays of 1917 Wool Dress Fabrics

An Accompaniment of the "Coming of the Birds"

With spring ahead and winter behind, it is refreshing to see these new fashions, so much the part of spring herself.

The interpretation of a fashion may be extreme, even daring, and still be in good taste.

To know what to avoid is as great an art as to know what to accept.

The New Weaves and Colors For Spring and Early Summer

Not one fashionable fabric has been passed by the variety is immense, complete in every detail, and one that affords an exceptionally fine choice. Luckily for us, and you too, we placed enormous orders for these fabrics long before the recent big advances in the price of woollens, cotton goods and dyestuffs.

BRITISH CROSSING THE TIGRIS WHY THE BRITISH ROUTED THE TURKS IN MESOPOTAMIA.

This picture, the first to be received showing British activities in Mesopotamia, explains in itself the means by which the English were able to route the Turks on the Tigris, capture Kut-el-Amara, force the Turks in flight back on Bagdad and then capture Bagdad and send the Turkish army broken in half, fleeing in two different directions. The answer is transportation. It had been generally supposed that the British relied mainly on water transportation on the Tigris for supplies for their base, the Persian gulf. The picture, however, shows a train crossing a Mesopotamia desert on the tiny military railway constructed with astonishing rapidity by the English engineers. The railway was built in the face of most discouraging difficulties—intense heat, sand storms and seemingly bottomless marshes.

HOME GARDENS TO BE GIVEN BOOST

Chamber of Commerce Committee Named to Encourage Planting of Vacant Lots, and to Work for Industries, Home Trade and Better Credits.

An important meeting of the board of directors of the Chamber of Commerce was held at headquarters last evening, seven of the eight members being in attendance. Lucius E. Wilson of the American City Bureau was present at the meeting and rendered valuable assistance in advising the board regarding the program of work which has been under consideration for the past few weeks.

John D. Kilne was elected as a member of the chamber.

The president appointed as a committee on member's forum the following: Vincent A. Gorman, chairman; Arthur G. Carr, Ralph D. Clearwater, John E. Mahar, A. D. Pardee and F. L. Thornberry. This committee will be organized at once with a view to arranging for at least two members meetings a month. An outside speaker will be secured if possible to address one of these semi-monthly meetings, while the other is to be devoted to a discussion by the members of local problems and questions pertaining to the work of the organization.

Reports were received from several committees including the Barge Canal Terminal committee. Provision was made for representation at the hearing in held in Albany on Wednesday (postponed to April 11) and for suitable resolutions to be presented at that time to the legislative committee.

The committee having in hand the proposal to establish a foundry in this city made a report of progress, and the president was authorized to appoint a committee to investigate a proposition, made through a well known real estate firm in this city, involving the erection of a building to accommodate an industry which will employ from forty to fifty men exclusively. The parties concerned propose to erect a factory and bring some of their present employees from Brooklyn, where their present plant is located, and asked the Chamber of Commerce to encourage them to the extent of assuming their city and county taxes for the first five years.

Estimates for the printing of 1,000 copies of the by-laws and a classified membership list combined were submitted and the bid received from C. Thomas & Son was accepted.

After the disposal of these and other reports the board devoted two hours to the earnest consideration of the program of work. Definite action was taken on the suggestions of the members and recommendation of preliminary committees as follows:

Credit Bureau.—The board decided to include in the program of work a credit bureau and authorized the appointment of a committee to work out the general policy of the same.

Home Trade.—A resolution was adopted to the effect that there be included in the program of work a plan assuring the support of the Chamber of Commerce in the extension of home trade. In this connection the directors authorized the appointment of a committee to arrange for a meeting of the retail merchants of the city at which time this matter will be considered.

Industrial.—It was resolved that there be included in the program of work a plank favoring the establishment of new industries in Kingston. Agricultural.—The directors voted to adopt an agricultural plank in the platform. The movement for the cultivation of vacant lots and gardens in this city received special consideration and it was decided that the original agricultural committee be enlarged and authorized to promote this movement. This committee is to list applications for vacant lot gardens, to find vacant lots suitable for gardening and assign them to applicants; to devise means for putting gardens into shape so that they can be worked with hand tools; to provide seeds for gardeners unable to purchase same, and arrange a schedule of prizes for the best gardens and the best product of gardens. The committee will invite and welcome the co-operation of the city government, Farm Bureau, Garden Club, school and parent clubs and any other interested agencies.

The board then adjourned until Wednesday evening of next week, April 11, at which time other features of the program of work will be considered and a definite policy regarding same adopted.

HIGH SCHOOL NEWS NOTES

The Prisma Literary Club left their books for a few minutes on Thursday afternoon to hold another of their sales—peanuts, this time. The girls are working like beavers for a trip to New York some time in May and have already held a candy and a sandwich sale. They have twenty members and the officers are: Alice Scott, president; Helen Pennington, vice president; Lillian Eckert, secretary; and Anna Roach, treasurer. Miss Parker is chairman of the faculty advisory committee, the other members being Miss Fuller and Miss Cordes. The club's unique name was conceived by Mildred Leighton and its significance is that the members are like prisms, their work reflecting through the school as an inspiration to the girls of the lower classes. The society organized before Christmas with the plan to study literature, music and the drama, but the girls have been so interested in the first that they have not had time to consider the others. At present they are studying modern short stories and have just begun the subject of modern poetry. They must have let Miss Jeannette Rankin in for a share of their attention for they have become real valiant and have challenged the Webster-Haynes Debating Club to a duel. The latter have not yet accepted.

Military Drills Popular.

When the boys come home afternoons with a carefully erect bearing and goes through parade evolutions on the carpet, the folks shouldn't blame the movies. Captain Everett Fowler and his corps of assistant drill masters are the guilty ones and though they have been teaching the youngsters the fundamentals for only a few weeks their work is fast taking root. From the verdant freshies all along the line up to the stern seniors the boys are enthusiastic about the drill every Thursday. This week they will have an opportunity to go through the paces outdoors. Just now they are devoting an hour each week to the manual of arms—without the arms—but every bit as eagerly. Captain Fowler is assisted by Sergeant Mullen and Privates Charles Finch and George Whitaker, of the Clinton Guards. The sergeants who have been chosen by the respective companies are: Kenneth Van Oostenbrugge, Company A, composed of the seniors and post graduates; John Cordis, Company B, the juniors; Fred Webster, Company C, the sophomores; and Leonard Woodrow, Company D, the freshmen. With good footing outside, cross country bikes may be in order soon. Even the Easter vacation this week cannot detract their attention from the military stuff and the boys will report as usual on Thursday.

Poughkeepsie Debate.

The Patrick Henry of the school are to come into their own on the evening of April 13, when they debate the Poughkeepsie High School team in the school auditorium. This is sort of a return engagement from the one last year when the local lost to Poughkeepsie at the latter city. The topic, an interesting one, is: "Resolved, that the Literary Test of the Recently Passed Immigration Bill will Conduce to the Welfare of the United States." The Kingston team consists of Edward Stelle, leader; Travers Gillette and Leonard Lockwood, with Aubrey Arnet as alternate. Student tickets are 15 cents, the others being 25. Davis Hawk as debate manager is in charge of the business end of the proposition and already has floated a large number of tickets. A prize of \$3 is offered the one selling the largest number of tickets, with \$2 prize for the second best salesman.

Glee Club Concert.

The date of the Glee Club concert has been decided upon for the evening of May 4, and the members are practicing for the occasion, which is a big event in the musical circles of the city. There will be more than a hundred in the chorus and beside the vocal selections the school orchestra will deliver a few numbers. The officers of the club are: Russell Dana, president; Helen Wood, vice president; Fred Snyder, treasurer; Ruth Ashley, secretary. Albert Silworth is an accompanist.

While their sisters are worrying their little brains about spring bonnets the boys will be tuning up with the vernal season on the athletic field next week. Both squads will be out every afternoon from 2 to 4 o'clock. This early practice is going to count well as the season wears on.

The Juniors have given up the idea of staging a comedy. Their attentions will be pretty well taken up with the Taft lecture.

Pennington's Studio was honored by the annual visitation of the varsity and midwest basketball teams on Friday afternoon. This was the last gathering of the clans. The Seniors have already taken part in the posing game, theirs being both collective and individual, the latter for the Maroon.

Smith College announces an interschool contest for junior and senior girls, the subject to be one of twenty-one suggested and of not more than one thousand words. The contest ends May 14. Money prizes are offered and the school producing the best essay will be custodian for one year of a loving cup now in possession of Bushwick High, Brooklyn.

ASKS AUTHORITY TO ENTER WAR TO HILT

(Continued from Page 1.)

of mankind to any narrow interests of their own. Does not every American feel that assurance has been added to our hope for the future peace of the world by the wonderful and heartening things that have been happening within the last few weeks in Russia? Russia was known by those who knew her best to have been always in fact democratic at heart. In all the intimate relationships of her people that spoke their natural instinct, their habitual attitude toward life. The autocracy that crowned the summit of her political structure, long as it had stood and terrible as was the reality of its power, was not in fact Russian in origin, character or purpose, and now it has been shaken off and the great, generous Russian people have been added, in all their native majesty and might, to the forces that are fighting for freedom in the world, for justice and for peace. Here is a fit partner for a League of Honor.

Those Criminal Intrigues.

One of the things that has served to convince us that the Prussian autocracy was not and could never be our friend is that from the very outset of the present war it has allied our unsuspecting communities, and even our offices of government, with spies and set criminal intrigues everywhere afoot against our national unity of counsel, our peace within and without, our industries and our commerce. Indeed, it is now evident that its spies were here even before the war began; and it is not happily not a matter of conjecture, but a fact proved in our courts of justice, that the intrigues which have more than once come perilously near to disturbing our peace and dislocating the industries of the country, have been carried on at the instigation, with the support, and even under the personal direction of official agents of the Imperial Government, accredited to the government of the United States.

Even in checking these things and trying to extirpate them, we have sought to put the most generous interpretation possible upon them because we know that their source lay, not in any hostile feeling or purpose of the German people toward us, (who were, no doubt, as ignorant of them as we ourselves were,) but only in the selfish designs of a government that did what it pleased and told its people nothing. But they have played their part in serving to convince us at last that that government entertains no real friendship for us, and means to act against our peace and security at its convenience. That it means to stir up enemies against us at our very doors is interpreted not only in the German Minister at Mexico City is eloquent evidence.

We are accepting this challenge of hostile purpose because we know that in such a government, following such methods, we can never have a friend; and that in the presence of its organized power, always lying in wait to accomplish we know not what purpose, can be no assured security for the democratic governments of the world. We are now about to accept the gauge of battle with this natural foe to liberty and shall, if necessary, spend the whole force of the nation to check and nullify its pretensions and its power. We are glad, now that we see the facts with no veil of false pretense about them, to fight thus for the ultimate peace of the world and for the liberation of its peoples, the German peoples included; for the rights of nations, great and small, and the privilege of men everywhere to choose their way of life and of obedience.

World Safe for Democracy.

The world must be made safe for democracy. Its peace must be planted upon the tested foundations of political liberty. We have no selfish ends to serve. We desire no conquest, no dominion. We seek no indemnities for ourselves, no material compensation for the sacrifices we shall freely make. We are but one of the champions of the rights of mankind. We shall be satisfied when those rights have been made as secure as the faith and the freedom of nations can make them.

Just because we fight without rancor and without selfish object, seeking nothing for ourselves but what we shall wish to share with all free peoples, we shall, I feel confident, conduct our operations as belligerents without passion and ourselves observe with proud punctilio the principles of right and of fair play we profess to be fighting for.

I have said nothing of the governments allied with the Imperial Government of Germany because they have not made war upon us or challenged us to defend our right and our honor. The Austro-Hungarian government has, indeed, avowed its unqualified indorsement and acceptance of the reckless and lawless submarine warfare adopted now without disguise by the Imperial German Government, and it has therefore not been possible for this government to receive Count Tarnowski, the ambassador recently accredited to this government by the Imperial and Royal Government of Austria-Hungary; but that government has not actually engaged in warfare against citizens of the United States on the seas, and I take the liberty, for the present at least, of postponing a discussion of our relations with the authorities at Vienna. We enter this war only where we are clearly forced into it because there are no other means of defending our right.

An Irresponsible Government.

It will be all the easier for us to conduct ourselves as belligerents in a high spirit of right and fairness because we act without animus, not with enmity toward a people or with the desire to bring any injury or disadvantage upon them, but only in armed opposition to an irresponsible government which has thrown aside all considerations of humanity and of right and is running amuck.

We are, let me say again, the sincere friends of the German people, and shall desire nothing so much as

the early re-establishment of intimate relations of mutual advantage between us, however hard it may be for them for the time being to believe that this is spoken from our hearts. We have borne with their present government through all these bitter months because of that friendship, exercising a patience and forbearance which would otherwise have been impossible.

We shall happily still have an opportunity to prove that friendship in our daily attitude and actions toward the millions of men and women of German birth and native sympathy who live among us and share our life, and we shall be proud to prove it toward all who are in fact loyal to their neighbors and to the government in the hour of test. They are most of them as true and loyal Americans as if they had never known any other fealty or allegiance. They will be prompt to stand with us in rebuking and restraining the few who may be of a different mind and purpose. If there should be disloyalty, it will be dealt with with a firm hand of stern repression; but, if it lifts its head at all, it will lift it only here and there, and without countenance except from a lawless and malignant few.

Many Months of Sacrifice.

It is a distressing and oppressive duty, gentlemen of the congress, which I have performed in thus addressing you. There are, it may be, many months of very hard and sacrifice ahead of us. It is a fearful thing to lead this great, peaceful people into war, into the most terrible and disastrous of all wars, civilization itself seeming to be in the balance.

But the right is more precious than peace, and we shall fight for the things which we have always carried nearest our hearts—for democracy, for the right of those who submit to authority to have a voice in their own governments, for the rights and liberties of small nations, for a universal dominion of right by such a concert of free peoples as shall bring peace and safety to all nations and make the world itself at last free.

To such a task we can dedicate our lives and our fortunes, everything that we are and everything that we have, with the pride of those who know that the day has come when America is privileged to spend her blood and her might for the principles that gave her birth and happiness and the peace which she has treasured.

God helping her, she can do no other.

WEST HURLEY.

West Hurley, April 2.—Mr. Cole, the oldest person in this part of the country, died at his home on the Zena road on Saturday. He was 103 years old on the 4th day of last November.

Mrs. Mary Flowers of Kingston is spending some time with Frank Kellerhouse and family.

E. Brower of Kingston will move in one of Matthew Williams's houses this week.

Mr. and Mrs. E. Rowe of Hurley spent Sunday with his brother, Nicholas Rowe.

COCONUT LOAF CAKE
1/2 cupful of Baker's Fresh Grated Coconut, 1/2 cupful butter, 1 cupful of granulated sugar, 2 eggs, 1/2 cupful of coconut milk, 2 cupfuls of flour, 1 level teaspoonful of baking powder.

Beat butter and sugar until light; add well mixed yolks of eggs, coconut milk, half the sifted flour and baking powder; the coconut which has been pressed dry in fruit press or cheesecloth. Beat the whites of eggs until light; fold in and add the rest of flour. Place on bottom rack in moderate oven; bake 45 minutes; try with drawing needle. If smooth cake is done; if not, bake five to eight minutes longer. It is hard to give exact time to bake, as there is a difference in ovens.

The cake will keep a week if kept under lock and key; in fact, it is better to three or four days than when first baked.

EVERY FRIDAY

AT 310 BROADWAY

DR. SWINBURNE OF ALBANY.

Has made many wonderful cures of cases where other physicians had failed. Any one suffering from any trouble, where the family doctor has failed to cure, should consult Dr. Swinburne and obtain his opinion, and learn of the remarkable results produced by improved method of treatment, even when other doctors declared the trouble incurable. If you have not consulted Dr. Swinburne, you have not half tried to get well. No use to go to New York City to see specialists, for the treatment given by Dr. Swinburne is most effective, and has cured many patients, after New York specialists had failed. It will cost nothing to consult this most successful physician and talk over your case, and if you decide to take his treatment, the charges are very reasonable.

American Mineral Oil

PRACTICAL HEALTH HINT,

Use of Mineral Oil.

Dr. Le Tanneur contributes to the Paris Medical some practical points in the use of mineral oil in constipation. The oil, he says, is in no way digested or even modified by the juices of the stomach and intestines. It acts as a lubricant and nothing else, though it tends to heal abrasions of the intestinal wall caused by rough particles of food.

The New York Medical Journal says mineral oil should be taken either before breakfast or after dinner, two tablespoonfuls being a dose. Its use should be continued every day for at least a fortnight, when the bowels will continue to work naturally without it for the mineral oil is in no sense a cathartic, but it will cure constipation.—Kingston Daily Freeman, February 17, 1917.

Donmark helped Luther Trowbridge
saw his wood Friday last.

Mrs. Wesley Burger made a busi-
ness trip to Stone Ridge Wednesday.
The sick in this place are very
slowly improving. We hope to see
them all around again soon.

Mrs. Charles Davis of Poughkeepsie
has been spending a week with
her parents, Mr. and Mrs. Charles
Hungerford. Mrs. Davis expects to
return to her home in Poughkeepsie
on Saturday. Her friends wished
that she could spend a long time with
them.

Wesley Burger of this place has
employment at Rhinebeck where he
is going to spend the summer. He
leaves on Monday, April 2. We all
wish Mr. Burger the best of luck and
hope he will be pleased with his posi-
tion. Mr. Burger will be missed by
all his friends and hope he will come
over to see us when over he can get
a vacation.

Hazlie Trowbridge of this place is
not very well at this time. We hope
to hear that he is better in a short
time.

Mrs. Granville Ackert is improving
very slowly after having a touch of
the grip.

Mrs. Charles Davis was the guest
of Mr. and Mrs. Hazlie Trowbridge
Thursday.

Miss Agnes Olsen, who has em-
ployment at Briarcliff, is home for a
vacation of five days.

Pure Air.

Pure air is blue, because, as New-
ton tells us, the molecules of the air
have the thickness necessary to reflect
blue rays. When the sky is not per-
fectly blue the atmosphere is blended
with perceptible vapors, and the dif-
fused light is mixed with a large pro-
portion of white.

TERMINAL HEARING PUT OVER A WEEK

Notice was received this morning that, owing to the pressure of other business, the legislative hearing on the Walton bill for barge canal terminals set for Wednesday afternoon has been postponed one week to Wednesday afternoon, April 11, at 2 o'clock.

Arrangements had been made by a number of Kingston citizens to attend the hearing and the Chamber of Commerce was to send a large delegation. It is hoped that the change of dates will not prevent a large number of residents from attending the postponed hearing next week as it is only by the expression of interest from the four cities affected that the Hudson Valley can be assured of recognition at this time by the legislature.

JOSEPH HAD A ONE DOLLAR JAG

Joseph Buckley of Schenectady and Albany, expended the sum of one dollar he had earned by the sweat of his brow on Monday for some liquid refreshments, and later in the day was picked up helplessly drunk by Policeman Shader who thought it best to lock Joseph up as he was not in a condition to take care of himself. Joseph, who gave his age as 49 years, was arraigned before Recorder Lang this morning. All he could remember was having a few beers and the fact that he must have spent a dollar. He said he had a job in town waiting for him getting a garden in shape for the spring planting. Recorder Lang gave heed to his plea for another chance and discharged Joseph with the warning that if brought up again he would be given a three month job at Albany in the pen.

Cantata at Clinton Ave. Church.

One of the most beautiful and unique Easter services will be celebrated at the Clinton Avenue M. E. Church on Easter Sunday evening. Arthur H. Snyder, the organist and director, is rehearsing the choral choir on the great dramatic cantata, "From Darkness to Dawn," by F. W. Peace. The choir will be assisted by Miss Georgianna Claffin, one of our most talented musicians in the city. Miss Claffin, accompanied with organ, will recite the story of "The Way of the Cross," commencing with the betrayal of the Crucified in the Garden of Gethsemane. At the end of each tragic event the choir will render the appropriate musical setting of the picture. All the principal events of the Redemption being set forth in this manner to its triumphant conclusion, the congregation taking part in the service with responsive scripture reading and Easter hymns.

Nut Mistake of Printer.

The name of Rufus C. Van Aken, a member of the high school class of 1917, was omitted from the list of members published Monday. In explanation of the omission, it was said at the high school that the printer must have been to blame. A scrutiny of the official copy furnished shows that Mr. Van Aken's name was not contained thereon.

MATTERS BEFORE THE SURROGATE

The will of Mary Mertes of the town of Plattekill was admitted to probate by Surrogate Gill in the surrogate's court Monday. To her son, Nicholas, the testatrix bequeaths certain personal belongings and the balance of the estate is given to her daughter, Anna. Her son, Martin Mertes, is appointed executor. The will was executed May 22, 1915, and witnessed by Charles S. Fowler and Anna Mertes, both of Highland. The value of the real estate is \$3,000 and the personal property amounts to \$2,000.

A hearing was had in the matter of the judicial settlement of the account of Grace W. Herwig as executrix of the estate of Mary W. Briggs of Ellenville and a decree was granted. H. Westlake Coons appeared for the executrix.

A hearing was had in the matter of the judicial settlement of the account of Leslie Smith as executor of the estate of Minerva Smith of Kingston city and a decree was directed. Brinier & Canfield appeared for the executor.

A hearing was had in the matter of the judicial settlement of the account of James H. Heaton as administrator of the estate of Sarah E. Heaton of the town of Plattekill and a decree was granted. DeWitt W. Ostrander appeared for the administrator.

The matter of proving the will of Abraham Canright of Saugerties was adjourned to April 9.

CLOSE WATCH ON INTERNED LINERS

By Telegraph to The Freeman.
New York, April 3.—Closest watch is today being maintained over the seventeen interned German and Austrian ships here, in anticipation of a war declaration by congress.
Speedy war vessels with guns trained on the interned ships lay at anchor off the interned vessels. On the docks police, customs officers and secret service men maintained a strict guard.
Rumors that new information is at hand regarding the destruction of the interned vessels were given support by the despatches of some 200 guards from the secret service bureau today and an additional 200 guards from the customs department.
None of the crews of the interned ships have been allowed to leave their vessels.

SOCIETY NOTES.

The Loyal Friends' Aid Society will hold their regular monthly meeting at the Hebrew school tonight at 8 o'clock. All members are urged to be present as considerable business must be disposed of.

Notice to Patrons and Subscribers.

All patrons of and subscribers to the Symphony concert given Saturday are asked as a special favor to be prompt in sending their checks for the Symphony concert to Mrs. C. N. Reed, 43 Crown street.

Elsworth-Parsell.

Egbert Elsworth and Mrs. Helen Parsell were married at the home of the bride, corner of Green and Main streets, Port Ewen, Sunday evening, April 1, at 5:30 o'clock, by the Rev. Eugene A. Bookhout, pastor of the Methodist Episcopal Church. Only the immediate relatives were present. Mr. and Mrs. Elsworth will reside at the corner of Green and Main streets.

Noted Lecturer Tonight.

Tonight there will be in Kingston, one of the most famous of our present-day lecturers, writers and preachers, Dr. Newell Dwight Hillis. Dr. Hillis will give the third of the Post Justice Lecture Course lectures, at the First Reformed Church at 8:15 o'clock. For some time Dr. Hillis has been devoting his energies outside the pulpit to lecturing upon the subject, "The Great War and its Influence upon the American People," and that will be the subject tonight.

Out of Town Guests to Easter Dance.

The Easter Dance to be given on Monday evening next, April 9th, at St. Mary's Hall under the supervision of Miss Helen Westbrook, promises to be of unusual interest and enjoyment as there will be many young people in attendance who are now home from college for the Easter vacation. This will also be the first after-noon social function and already the sale of tickets shows that there will be a large attendance of the elite of Kingston.

D. A. R. Meeting.

Willoway Chapter, D. A. R., will hold their April meeting on Thursday afternoon at 3 o'clock at the chapter house, the local board meeting preceding the regular meeting at 2 o'clock. The program at the regular meeting will consist of an entertainment to be given by the G. A. R. This meeting will be of special importance as at this time plans will be perfected for the co-operation of the chapter with the Red Cross Chapter. The hostesses for the afternoon will be Mrs. C. G. Ellis and Mrs. William C. Kingman.

Miss Dorsey to Dance at Catskill.

On Easter Monday a big benefit ball will be given in the armory at Catskill for the benefit of the free bed fund of the hospital. The armory will be elaborately decorated; Gioscia's Orchestra from Albany will furnish the music, and exhibitions of athletic dancing will be given by our own Miss Agnes Dorsey of Kingston. Miss Dorsey, who captivated the big Kingston audiences at the recent Fashion Show, will among other dances give the famous Nautch Vaid dance from the Arabian Nights. This dance will be given in costume. There will be a reception between 7:30 and 8 p. m., followed by a grand ball, and Miss Dorsey will dance at 9 p. m.

Miss Smith's Recital.

Miss Helen Smith, pupil of Miss Baisden, gave the third of a series of interesting piano recitals at her home on East Chester street Friday evening. The piano numbers as well as the ensemble playing by Milfred and Elmer Douglas, were much appreciated. Miss Helen Stern assisted in making the evening an enjoyable one with her solo rendering. The program was as follows:
(a) The Last Hope.Gottschalk
(b) Waltz.Chopin

Holy Week at St. John's.

The Holy Week services at St. John's Church for the remainder of the week will be as follows. Holy Communion every morning except Friday, at 10 a. m. Special note should be made of the celebration of the Holy Communion on Thursday evening, Maundy Thursday, at 8 o'clock. As this was the time when the Last Supper was instituted, it is especially fitting that there should be the celebration of the Holy Communion at this hour. On Good Friday the services will be morning prayer and litany at 11 a. m. Evening prayer and special service, 7:30 p. m. Baptism service on Easter Eve, Saturday at 3 o'clock.

UNCLE SAM: "I know this job, I've done it before."
THE ROMANCE OF RAEMACKERS—CARTOONIST MADE FAMOUS IN A DAY.

Louis Raemackers would never have been heard of outside the circle of his collectors throughout the whole world. He was a Dutchman, a native of Haarlem, Holland, had not the Kaiser bunched his military thunderbolt through Belgium into France in those fateful days of August, 1914. He was then a landscape painter of some merit. He delighted in pictures of the grey hat country of his birth, and an occasional sale in the Galleries of Amsterdam provided the wherewithal necessary to maintain his little household in the simple comforts that satisfy the Dutch people.

Today he is the friend and familiar of kings, princes, presidents, great generals, admirals, statesmen and art collectors throughout the whole world. He is a Chevalier of the Legion of Honor; the highest purely intellectual distinction that is possible for Europe to bestow. A public reception at the Sorbonne in Paris, on behalf of humanity, and he has the additional and extraordinary distinction of being the only civilian upon whose head a price has been set by the Prussian military authorities.

A great British general has said "Raemackers is worth an army corps to the Allies." The Cologne Gazette in a leading article demands that "Holland shall pay an indemnity for every cartoon that Raemackers has drawn when the day of settlement arrives." The London Times has said: "He is the only genius produced by the war." The Boston Transcript in a three column article makes what is probably the finest criticism of his work: "Dante's mantle has fallen upon Raemackers, he leads the spirit and the conscience of the world today through an inferno of wrong."

Although Raemackers' work has been translated into over thirty languages, it is only recently that it has become known in the U. S. A., and it is this country that will give his cartoons their greatest honor.

MITCHEL ANSWERS WAGNER'S CHARGE

Repudiates Words Attributed to Him by New York Newspapers and Declares Obstruction Work Was to Advantage of Germany.

By Telegraph to The Freeman.
Albany, April 3.—Mayor Mitchell, arraigned before the senate bar this afternoon to answer to a charge of making a "false and malicious statement" against Senator Robert F. Wagner, in connection with the so-called Rockaway fortifications bill, challenged the jurisdiction of the legislative body and repudiated the words attributed to him by New York newspapers.

After some quibbling, the mayor was given an opportunity to produce his proofs. He admitted in the course of a prepared statement that he had based his charges against Senator Wagner's opposition to the transfer of certain Rockaway lands needed for the fortification. The mayor blamed Senator Wagner solely for the defeat of this measure. "This conduct of Senator Wagner's was opposed to the interests of the United States," ran the statement. "It was opposed to the interests of the city of New York. Senator Wagner's action in obstructing this work of national defense, operated to the advantage of any possible enemy within a few days would be Germany; this obstruction by Senator Wagner operated to the advantage of Germany and was more in the interests of Germany than in the interests of the United States."

John Burroughs's Birthday.
John Burroughs is 50 years old today and is spending his birthday in the south with Henry Ford of Detroit. Mr. Burroughs's health has not been of the best this winter and the recent death of Mrs. Burroughs was a great shock to him.

ROOSEVELT READY TO RAISE TROOPS

By Telegraph to The Freeman.
Washington, April 3.—Fresh from his experiences "devil fishing" off the Florida coast, Colonel Theodore Roosevelt arrived in Washington this afternoon prepared to emphasize his offer to raise a division of troops for action in France or Belgium against the Germans.

The Colonel rushed to the White House to pay a call of respect to President Wilson and to assure him that he again wanted to "small power."

The application made by the Colonel for permission to raise a division has been on file with the war department for several weeks. Under the law no action could be taken on it inasmuch as the army bill made no provision for any volunteers.

It will be possible now for his application to be considered.

Kingston W. C. T. U. Meeting.

Rondout Bowling Club Wins.

On St. Peter's bowling alley Monday evening, the Rondout Bowling Club defeated St. Peter's No. 2 by a score of 2,315 to 2,250. The Rondout Bowling Club now stands second in the Bowling League.

New Recruits to Guard.

Twenty-four members of Company H of Binghamton arrived at Ashokan Monday morning and went on duty patrolling the New York city reservoir.

That's the Idea.

The man who wants to marry happily should pick out a good mother and marry one of her daughters; any one will do.

AUTOMOBILE NOTES.

Attorney George Kaufman of Saugerties expects to enjoy the summer having purchased a Rev. roadster.

Another jump in the price of automobile tires took effect on April 2, the increase being from 10 to 15 percent. This is the third advance since the first of the year and the end is not yet.

The state automobile inspectors start in this week in covering the upstate counties, those employed in New York city being in the field practically the entire year. Two inspectors will again work out of Secretary of State Hugo's Albany office in covering thirty counties in this district.

The road on the north side of the Ashokan reservoir is in very bad condition in the vicinity of the stone arches at Shokan and many automobiles have become mired in the mud and teamsters in the neighborhood are kept busy. In making the trip up from Kingston it is a good plan to follow the south shore of the lake and avoid the bad stretch of road.

HIGH SCHOOL NEWS NOTES

The Prisma Literary Club left their books for a few minutes on Thursday afternoon to hold another of their sales—peanuts, this time. The girls are working like beavers for a trip to New York some time in May and have already held a candy and a sandwich sale. They have twenty members and the officers are Alice Scott, president, Helen Pennington, vice president, Lillian Eckert, secretary, and Anna Roach, treasurer. Miss Parker is chairman of the faculty advisory committee and the other members being Mrs. Fuller and Miss Corbett. The club's unique name was conceived by Mildred Leighton and its significance is that the members are like prizes, their work reflecting through the school as an inspiration to the girls of the lower classes. The society organized before Christmas with the plan to study literature, music and the drama but the girls have been so interested in the first that they have not had time to consider the others. At present they are studying modern short stories and have just begun the subject of modern poetry. They must have let Miss Jeanette Rankin in for a share of their attention for they have become real valiant and have changed the Webster-Haynes Debating Club to a duel. The latter have not yet accepted.

Military Drill Popular

When the boys comes home after noons with a carefully erect bearing, and goes through parade evolutions on the campus, the folks shouldn't blame the movies. Captain Everett Fowler and his corps of assistant drill masters are the guilty ones and though they have been teaching the youngsters the fundamentals for only a few weeks their work is fast making a name for itself. The students along the line up to the stern school the boys are enthusiastic about the drill every. This week they will have an opportunity to go through the parade on foot. Just now they are devoting in hour each week to the manual of arms—without the arms—but every bit is eagerly. Captain Fowler is assisted by Sergeant Mullen and Privates Charles Finch and George Whitaker of the Union Guards. The sergeants who have been chosen by the respective companies are Kenneth Van Oostenburg, Company A, composed of the seniors and juniors, graduates John Corbett, Company B, the juniors, Fred Webster, Company C, the sophomores, and Leonard Woodbury, Company D, comprising the freshmen. With good footing outside cross country hikes may be in order soon. Even the Easter vacation this week can not detract their attention from the military stuff and the boys will report as usual on Thursday.

Poughkeepsie Debate

The Patrick Henrys of the school are to come into their own on the evening of April 1 when they debate the Poughkeepsie High School team in the school auditorium. This is one of the season's engagements from the one last year when the boys lost to Poughkeepsie at the last term. The topic in question is: "Resolved, that the United States is justified in the use of force to maintain the rights of the individual against the claims of the majority." The Union Guards team consists of Edward Steele, leader, Francis Gillette and Leonard Lockwood, with Andrew Arner as alternate. Student tickets are 10 cents, the other half. Divis Hawk as debate manager is in charge of the business end of the proposition and already has floated a large number of tickets. A price of \$4 is offered the one selling the largest number of tickets with \$5 prize for the second best salesman.

Glee Club Concert

The date of the Glee Club concert has been decided upon for the evening of May 4 and the members are practicing for the occasion which is a big event in the musical circles of the city. There will be more than a hundred in the chorus and besides the vocal selections the school orchestra will deliver a few numbers. The officers of the club are: Russell Dunn, president, Helen Wood, vice president, Fred Knicker, treasurer, Ruth Ashley, secretary, Albert Still, with a few companions. While the members are working their little brains about spring home nets the boys will be tuning up with the vocal section on the athletic field for next week. Both sections will be out every afternoon from 2 to 4 o'clock. This early practice is going to count well as the season wears on.

The juniors have given up the idea of staging a comedy. Their intentions will be pretty well taken up with the fall lecture. Pennington's Studio was honored by the annual visitation of the vaudeville stars. The actors came on Friday afternoon. This was the last gathering of the class. The seniors have their own part in the play. The game there being both college and individual. The latter for the Maroon. Smith College, announces an inter-scholastic contest for juniors and seniors. The prize is a trip to New York. The contest ends May 14. Money prizes are offered and the school producing the best essay will be custodian for one year of a loving cup now in possession of Bushwick High Brooklyn.

ASKS AUTHORITY TO ENTER WAR TO HILT

(Continued from Page 1)

of mankind to any narrow interests of their own. Does not every American feel that assurance has been added to our hope for the future peace of the world by the wonderful and heartening things that have been happening within the last few weeks in Russia? Russia was known by those who knew her best to have been always in fact democratic at heart in all the vital habits of her life. In all the intimate relation of ships of her people that spoke their natural instinct their habitual attitude toward life. The autocracy that crowned the summit of her political structure, long as it had stood and as terrible as was the power of its power was not in fact Russian in origin, character or purpose and now it has been shaken off and the great generous Russian people have been added in all their native majesty and might to the forces that are fighting for freedom in the world for justice and for peace. Here is a fit partner for a league of honor.

Those Criminal Intrigues

One of the things that has served to convince us that the Prisma autocracy was not and could never be our friend is that from the very outset of the present war it has flung out its unsuspecting communities, even our offices of government with spies and set criminal intrigues everywhere. (Foot against our nation it unity of counsel our peace with in and without our industries and our commerce. Indeed it is now evident that its spies were here even before the war began and it is not happily not a matter of conjecture but a fact proved in our courts of justice that the intrigues which have more than once come perilous to our peace and our commerce by disrupting the industries of the country have been carried on at the instigation with the secret aid and even under the personal direction of official agents of the Imperial Government accredited to the government of the United States.

Even in checking these things and trying to extirpate them we have sought to put the most generous interpretation possible upon them because we know that their source is not in any hostile feeling or purpose of the German people toward us (who were no doubt as ignorant of this as we ourselves were) but only in the selfish designs of a government that did what it pleased and told its people nothing. But they have played their part in serving to convince us that that government entertains no real friendship for us and means to set against our peace and unity its own ends. That it means to stir up one nation against another, doors the intercepted note in the German Ministry at Mexico City is eloquent evidence.

We are receiving this challenge of hostile purpose because we know that in such a government following such a policy we can never have a friend. And that in the presence of its own kind it is always living in wait to accomplish what we know not what purpose can be no assured security for the democratic governments of the world. We are now about to accept the gauge of battle with this natural foe to liberty and shall if necessary spend the whole force of the nation to check and nullify its pretensions and its power. We are glad now that at the facts with no veil of false pretense about them to fight thus for the ultimate peace of the world and for the liberation of its peoples the German peoples included for the rights of nations grant us small and the privilege of men to choose there to choose their way of life and of obedience.

World Safe for Democracy

The world must be made safe for democracy. Its peace must be planted upon the tested foundations of political liberty. We have no selfish ends to serve. We desire no conquest and no dominion. We seek no material compensation for the sacrifices we shall make. We are but one of the champions of the rights of mankind. We shall be satisfied when those rights have been made as secure as the faith and the freedom of nations can make them.

Just because we fight without seeking nothing for ourselves but what we shall wish to share with all free peoples we shall feel confident conduct our operations as belligerents without passion and ourselves with proud, punctilio the principles of right and of fair play we shall be fighting for. I have said nothing of the government allied with the Imperial Government of Germany because they have not made war upon us or challenge us to defend our right and our honor. The Austria-Hungarian government has indeed avowed its unqualified endorsement and acceptance of the policy of the Imperial Government and has adopted a new without disguise by the Imperial German Government and it has therefore to be possible for this government to receive Count Tarnowski the ambassador recently accredited to this government by the Imperial and Royal Government of Austria Hungary but that government has not actually engaged in warfare against citizens of the United States on the seas and I take the liberty for the present at least of postponing a discussion of our relations with the authorities at Vienna. We enter this war only where we are clearly forced into it because there are no other means of defending our right.

An Irresponsible Government.

It is all the easier for us to conduct our lives as belligerents in a high spirit of right and fairness because we act without animus not with animus toward a people or with the desire to bring injury or disadvantage upon them but only in arranged opposition to an irresponsible government which has thrown aside all considerations of humanity and of right and is running amuck. We are let me say again, the sincere friends of the German people and shall desire nothing so much as

the early re-establishment of intimate relations of mutual advantage between us however hard it may be for them for the time being to believe that this is spoken from our hearts. We have borne with their present government through all these bitter months because of that friendship exercising a patience and forbearance which would otherwise have been impossible.

We shall happily still have an opportunity to prove that friendship in our daily attitude and actions toward the millions of men and women of German birth and native sympathy who live among us and share our life, and we shall be proud to prove it toward all who are in fact loyal to their neighbors and to the government in the hour of test. They are most of them as true and loyal Americans as if they had never known any other fealty or allegiance. They will be prompt to stand with us in rebuking and restraining the few who make of a different mind and purpose. If there should be disloyalty, it will be dealt with with a firm hand of stern repression. But if it sits us head at all it will lift it only here and there and without countenance except from a lawless and malignant few.

Many Months of Sacrifice. It is a distressing and oppressive duty gentlemen of the congress which I have performed in thus addressing you. There are it may be many months of fiery trial and sacrifice ahead of us. It is a fearful thing to lead this great peaceful people into war, into the most terrible and disastrous of all wars, civilization itself seeming to be in the balance. But the right is more precious than peace and we shall fight for the things which we have always carried nearest our hearts—for democracy for the right of those who submit to governments for the rights of the small nations for the rights of all peoples as shall bring peace and safety to all nations and make the world itself at last free.

Such a task we can dedicate our lives and our fortunes every thing that we are and everything that we have with the pride of those who know that the day has come when blood and her might for the principles that give her birth and happiness and the peace which she has treasured. God helping her she can do no other.
